Clipper - A6 Slim Heavy Duty

The A6 clipper combines Oster's most compact ergonomic design ever built with a high efficiency, precision tuned, heavy duty motor that runs at over 4,000 SPM. It also features a patent pending drive system that provides an ultra-smooth and efficient cutting experience for the user. For additional comfort we have also added new patent pending VIBRATION ISOLATORS, that are centered around the motor, to help absorb vibration and noise resulting in a natural feel for all day grooming.

Clipper - Saphir - Cordless

The SAPHIR is the first professional cordless clipper with lithium-ionic battery technology on the market today. A powerful, rechargeable clipper designed for all-day heavy-duty use. Thanks to the lithium-ionic battery technology, there is no need for a power cord at all. The clipper will run continuously for one hour with a fully charged battery and the recharging time is less than 45 minutes. Supplied with two high capacity batteries, the Saphir offers you all the freedom you need, either in surgery or outside in the barn or stable. Thanks to the two charging bays in the charger, you will always have a fully charged battery ready to go. The Saphir clipper offers a reliable and strong 35 watts permanent magnet motor. Thanks to its unique strong torque and a blade speed of 2650 double strokes per minute the blades stay cooler allowing more clipping comfort.

943-400	35w	Heiniger

Clipper - Shearmaster

Packing a powerful punch, this machine is the choice of shearing professionals around the world for fitting cattle, shearing sheep and llamas. Its 3" head runs cooler than ever, and its clearly marked tension knob means easier blade adjustments for a variety of jobs. A 13-tooth comb and 4-point cutter give a high-quality shearing job with few second cuts in the fleece, and various other comb and cutter combinations are also available to handle all your jobs. Parts available upon request.
