Dewormers

Injectables

Bimectin

For the treatment of infections and infestations due to internal and external parasites in cattle and swine. Store Between 15-30°C.

KVS	Size	Active Ing	Case	Mfg.
024-422	50ml	Ivermectin	12	Vetoquinol
024-423	250ml	Ivermectin	12	Vetoquinol
024-424	500ml	Ivermectin	12	Vetoquinol

Dectomax Injectable Solution

Dectomax injectable solution is a highly active, broad-spectrum parasiticide for parenteral administration to cattle and swine.

KVS	Info	Size	Active Ing	Mfg.
005-816	Cattle & Swine	500ml	Doramectin	Zoetis

Liquids & Pour Ons

Ivermectin - Cattle - Pour-On

Health Canada (VDD) registered. Tested in Canada under Canadian Conditions. Broad-spectrum control of costly internal and external parasite. Up to 28 days of horn fly control. Provides a wide margin of safety with minimal animal stress.

KVS	Size	Case	Mfg.
1021-025	1L	6	Alberta Vet Labs
1021-030	4L	4	Alberta Vet Labs
1021-020	10L	2	Alberta Vet Labs
1021-021	20L	1	Alberta Vet Labs

Ivermectin - Horse - Liquid

Ivermectin Liquid for horses has been formulated for administration by oral drench. One low-volume dose is effective against important internal parasites, including the arterial stages of *Strongylus vulgaris*, and bots. Its convenience, broad-spectrum efficacy and wide safety margin make IVERMECTIN Liquid for horses an ideal product for parasite control of horses.

KVS	Info	Size	Case	Mfg.
1021-018	Syringe	15ml	25	Alberta Vet Labs
1021-017	Jar	120ml	6	Alberta Vet Labs

Safe-Guard Solution 10%

Horse and cattle dewormer for the treatment of parasitic infections. Administer orally to cattle and horses at the recommended rate of 2.5ml/50kg (2.5ml/110lb) body weight using a dosing syringe or drenching gun. Store below 25°C and do not freeze.

KVS	Size	Active Ing	Case	Mfg.
063-717	500ml	Fenbendazole	6	Merck
063-719	3.78L	Fenbendazole	4	Merck

Safe-Guard Drenchmatic

Safe-Guard plastic Drenchmatic gun.

KVS	Size	Mfg.
063-726	30ml	Merck

What if your Pour-on was as easy on your back... as it is on your bottom line?

TREATS 153 COWS
based on 1,433 lb. b.w.

An Ivermectin Pour-on 10-litre jug weighs less than 20 lbs and it's more economical than two 5-litre jugs.

Typical 5L bottles can't treat many cattle and 20L jugs can be heavy and awkward to carry. That's why AVL introduced the 10L Pour-on jug to the market. It's not only easy to carry – it's economical to use.

Next time, pick up Canadian made Ivermectin Pour-on for Cattle.

ALL RESEARCH, DEVELOPMENT AND PRODUCTION ARE DONE IN CANADA

HORSE POWER MAKES A GOOD THING BETTER

One syringe of Ivermectin Liquid for Horses
de-worms 25% more horse (up to 750 kg)
from internal parasites.

**Ivermectin Liquid for Horses is the first and only
liquid formulation available.**

A liquid formulation makes product refusal a thing of the past.
Traditional paste de-wormers are easy to spit out
and present a potential health risk to pets.

Convenient, broad-spectrum efficacy and a wide safety of margin
make it the ideal product for parasite control in horses.

**Ivermectin Liquid For Horses:
25% More Horse Power.**

Dewormers

Liquids & Pour Ons

Valbazen

Valbazen is a broad-spectrum anthelmintic effective in the removal and control of liver flukes, tapeworms, stomach worms (including 4th stage inhibited larvae of *Ostertagia ostertagi*), intestinal worms, and lungworms.

KVS	Size	Active Ing	Case	Mfg.

Quest Gel Wormer

For use in horses, ponies, breeding mares, stallions and foals over 4 months of age for the treatment and control of large and small strongyles, roundworms, pinworms, hairworms, stomach worms, bots and encysted small strongyles. Store Between 15-30°C and do not freeze.

KVS	Size	Active Ing	Case	Mfg.
014-575	10.9ml	Moxidectin	12	Zoetis

Dewormers

Pastes

Quest Plus Gel Wormer

Same gel formulation as Quest - disperses well and dissolves in the horse's mouth. For the treatment of infections due to internal parasites, including tapeworms and bots in horses and ponies four months of age and older. Treats up to 600kg/tube. Store Between 15-30°C and do not freeze.

KVS	Size	Active Ing	Case	Mfg.
014-576	11.5ml	Moxidectin / Praziquantel	12	Zoetis

Safe-Guard Paste

A 10% paste wormer for horses, foals, ponies and pregnant mares. Effective against small and large strongyles, pinworms and ascarids. <1 syringe will deworm an 1100lb. horse.> Apple-cinnamon flavoured. Store below 25°C and do not freeze.

KVS	Size	Active Ing	Case	Mfg.
063-721	25gm	Fenbendazole	12	Merck

Strongid P Paste

Strongid P is a potent equine dewormer containing pyrantel pamoate. It is approved for treatment of large and small strongyles, pinworms, ascarids and the common tapeworm in horses and foals over 8 weeks of age. Each syringe contains enough caramel flavored paste to treat 1200 lb body weight. Store Between 15-30°C and avoid direct sunlight. Do not freeze.

KVS	Size	Active Ing	Pack	Mfg.
014-579	23.6gm	Pyrantel Pamoate	12	Zoetis

Soluble Powders

Piperazine 52 Soluble Powder

Piperazine 52 is a dry, free flowing water soluble powder used for the removal of large roundworms (Ascairs) in poultry, large roundworms (Ascaris lumbricoides) and nodular worms (Oesophagostomum) in swine and parasitic worms (Parascaris Equorum). Store between 15-25°C and protect from moisture.

KVS	Size	Active Ing	Mfg.
024-217	400gm	Piperazine	Vetoquinol

Piperazine Powder 53%

Our soluble form of flavored Piperazine Powder is indicated for use as a one day wormer for control of round worms in poultry, swine, and horses. It will also control nodular worms in swine, and small strongyles in horses.

KVS	Size	Active Ing	Case	Mfg.
002-570	400gm	Piperazine	25	DVL
002-571	10kg	Piperazine		DVL

Safe-Guard Crumbles

Contains fenbendazole at 5000 mg/kg. See label for feeding directions and additional information.

KVS	Size	Active Ing	Mfg.
063-716	4.54kg	Fenbendazole	Merck

Dewormers

Soluble Powders

Safe-Guard Premix 20%

A 20% Fenbendazole Premix used to remove mature and immature forms of internal parasites in swine. Also for the control of adult and developing 4th stage larvae in cattle. Store between 15-25°C and protect from light.

KVS	Size	Active Ing	Case	Mfg.
063-709	1kg	Fenbendazole	4	Merck
063-711	5kg	Fenbendazole		Merck
