BRANCH INFORMATION

www.kanevet.com

Vision: To become the leading provider of products and services to our customers in the Canadian animal health market.

Mission: To develop a long-term, successful, strategic relationship with our customers and our vendor partners.

Values: Service to our customers is our primary duty and the most vital component to our partnered success.

Established in 1969 by Dan and Cassy Kane, Kane Veterinary Supplies is a Canadian wholesale distributor and manufactures agent. Kane provides excellence in distribution of the highest quality, cutting edge, value-laden products to the veterinary, pet, agricultural and equine markets across Canada.

Today, Kane has two full-service branches – Edmonton, Alberta and Cambridge, Ontario. Day-to-day inventory consists of over 12,000 items including vet supplies and pharmaceuticals, pet food and toys, animal ID products, and pest control items.

“A large part of our success is due to our diverse product selection – we offer items for the entire animal spectrum,” says Director of Canadian Operations, Steve Olsson. “This diversity is also displayed as a strength in our experienced staff members.”

In October 2007, Kane Veterinary Supplies Ltd. joined the Animal Health International, Inc. family group of companies (who in 2015 joined Patterson Companies Inc.).

Edmonton Branch:

11204-186 Street,
Edmonton, Alberta,

E-Mail: kanepet@kanevet.com

Cambridge Branch:

30 Struck Court,
Cambridge, Ontario,
N1R 8L2

Phone: (519)740-0733 **Toll-Free:** 800-361-3232 **Fax:** (519)740-6419

E-Mail: jessie@kanevet.com

Terms:

Terms are COD until approved by the Credit Department. Once approved, accounts are Net 30 days from the date of invoice.

All accounts with a past due balance of 31 days or more will be charged a late fee of 2% per month.

All accounts, which have balances past due by 45 days or more, shall have their credit privileges suspended or revoked and orders will not be processed until the past due balance is paid in full. We reserve the right to remove any discounts if accounts go past due.

NSF cheques will be assessed a \$25.00 service charge. NSF cheques must be replaced immediately and prior to the release of any new orders with a certified cheque, bank draft or money order which includes the \$25.00 service charge.

Payments can be made by debit, company cheque and/or cash. Personal cheques are not accepted. Credit cards are accepted but may incur additional processing fees. Credit cards may only be used for accounts with current status.

It is to your advantage as well as ours to keep your credit account current.

Ordering:

Orders can be faxed, phoned or e-mailed.

Please provide the KVS item code number when placing orders.

All pick up orders must be placed a minimum of 4 hours prior to the expected pick up time, and must be picked up before 4:30pm. Our minimum order is \$25.00.

All orders are subject to GST/PST/HST where applicable. All published pricing is subject to change without notice.

Prepaid Requirements:

In order to obtain prepaid shipping/deliveries on orders shipped to one destination, orders not including taxes must reach our minimum requirements.

With Pet Food:

- The Greater Edmonton, Greater Calgary and Red Deer area: \$1200.00
- British Columbia, Alberta, Saskatchewan, Manitoba and Western Ontario: \$1500.00
- Ontario: \$1000.00
- Quebec: \$850.00
- Maritimes: \$1000.00

Excluding Pet Food:

- British Columbia, Alberta, Saskatchewan, Manitoba, Western Ontario: \$750.00
- Ontario: \$750.00
- Quebec: \$600.00
- Maritimes: \$800.00

Frozen Fish Food: All areas except Edmonton: \$650

Orders may include a combination of pet food and accessories to meet the requirements.

Additional freight surcharges may apply to large or weight sensitive items.

Shipping / Deliveries:

All freight policies are subject to change without notice.

After shipments have been accepted by the carrier they become the property of the consignee. Therefore, any problems with the shipment (i.e. damaged or lost merchandise) should be directed towards the carrier within 48 hours. It is very important to count and inspect each piece of your shipment before you sign the transport company's Bill of Lading. It is the only way to ensure the carriers responsibility.

All claims of Kane shortages must be reported within 48 hours of receipt of goods.

Returned Goods Policy:

You must have the authorization of Kane Veterinary Supplies to return goods prior to shipment or to dispose of damaged product. Please contact our returns department for a return authorization number.

Please enclose a copy of your original invoice with the product you are returning. An itemized list of product(s) being returned and a brief description of why the product is being returned must accompany all returns.

Any product returned for warranty work must have a copy of the bill of sale and a copy of the original invoice.

A minimum 15% recovery fee will be applied to all returns that are sent back due to customer error or out of season products.

Please ship all product returns back prepaid unless Kane's error.

No Credit will be allowed on the following products:

- Products unfit for resale due to improper storage, fire or flood damage, breakage, defacement
- Products with price stickers
- Products with broken seals
- Products sold with mention of "No Return"
- Non-dated merchandise over 1 year old
- Discontinued products
- Products manufactured/supplied on special order to customer's specification, except in the case of a manufacturing defect
- Expired or damaged product
- Short dated product (6 months or less) may be returned at a significant restock. For more information, call our returns department

Note:

Not all products are stocked or available in all locations.

01 - Betta Fish

Hikari (Western Canada Only)

Betta Diet - Bio-Gold

Developed after considerable research into the eating habits and nutritional requirements of bettas. This floating pellet has been carefully balanced to meet the nutritional needs of your pet. The inclusion of premium-select fish meal, which provides a superior protein source, Astaxanthin, which helps enhance coloration, Grape Seed Extract (polyphenol), which has been shown to reduce the impacts of aging, and spirulina, which naturally offers a high concentration of usable vitamins, makes this a daily diet perfectly suited for bettas and their high stress nature.

F504-19110	Baby Pellets	0.70oz	

02 - Tropical Fish

Hikari (Western Canada Only)

Blood-Red Parrot +

Blood-Red Parrot+ is a revolutionary diet developed exclusively for use with Red Parrot cichlids where active color enhancement is desired. The inclusion of the Hikari Germ promotes extremely efficient nutrient utilization, while the balanced ingredient profile supports a healthy immune system, desirable form, predictable growth, sufficient energy sources, and improved coloration. Great for advanced hobbyists who want their Red Parrot to develop to their full potential.

Fry Food - Nano

For years we have been using a .5mm pellet in our breeding hatchery and have been supplying it to other breeders that sell fish to our farm. We have also sold it in small quantities to fish gurus all over the world. We make this formula in very small batches. The protein level is 50%. For the past year we have been working to produce NANO in volume to offer as a new formula for Xtreme.

KVS	Info	Size	Dealer

F847-00150	9mm Pellet	8.8oz	
F847-00151	9mm Pellet	16oz	

03 - Bottom Feeders

Hikari (Western Canada Only)

Algae Wafers

There were many reports of Plecostomus getting thinner with each passing day. To address this problem, Hikari began researching raw materials and production techniques to develop potential diets. After considerable experimentation, we developed the best ingredient formulation possible. Next we had to develop a pellet the fish would eat, one that wouldn't dissolve in water and allowed the nutrition to be accessed readily. The revolutionary disk shape was chosen because it complimented the way Plecostomus eat.

Koi - Multi Season

Saki-Hikari Multi-Season is the perfect diet for feeding at lower water temperatures. The combination of easily digested ingredients, including the inner most portion of the wheat-germ kernel and its naturally high concentration of amino acids and vitamin-E, and the added beneficial living microorganism provide outstanding digestive properties.

Koi - Wheat Germ

A highly nutritious, easily assimilated, highly digestible daily diet for koi and other pond fish, including goldfish. Developed through many years of breeding experience, this highly nutritious diet is extremely effective in cooler climates which experience a winter season. Give your koi a jump on this year's show-off months, feed Hikari Wheat-Germ year round. It will have your aquatic pet looking their best while improving their fertility.

Koi Growth

Koi Breeder Preferred. Growth You Have To See To Believe. Saki-Hikari Growth was specifically developed for raising jumbo koi. Our intent was to provide a nutritional package that would help koi breeders raise koi that were bigger than previously possible without negatively impacting water quality or the overall health of their koi. Saki-Hikari has the proper levels of necessary vitamins, minerals and digestive enzymes. It also contains a uniquely balanced combination of proteins, fats and carbohydrates. Finally, the inclusion of beneficial living microorganisms offers many benefits other foods cannot. For the championship body your koi deserve and you crave, feed Saki-Hikari Growth.
