## Energizers - Tru-Test Battery Powered

### Energizer - AN20

The AN20 is the smallest Stafix energizer and is specifically for small fence lines. Used to protect trees and waterways from livestock damage and to protect the garden from pests. Uses 2x 1.5V 'D' cell batteries. Up to 35 days of battery life.

KVS	Volts	Stored	Output	Distance	Part	Brand
533-033	3V	0.05J	0.04J	0.65 mi / 1a	AN20	Stafix

### Energizer - AN90 - Strip Grazer

The most powerful and versatile strip grazing unit available - powering up to twice the amount of fence as most competing strip grazers. With the option of 4x 'D' size batteries or external 12 V battery use, the AN90 provides flexibility for all conditions.

KVS	Volts	Stored	Output	Distance	Case	Model	Part	Brand
533-031	6V / 12V	0.16J	0.12J	2 mi / 5a	6	AN90	FSTAN90	Stafix

### Energizer - AN90 - Strip Grazer - With Ground Stake

The most powerful and versatile strip grazing unit available - powering up to twice the amount of fence as most competing strip grazers. With the option of 4x 'D' size batteries or external 12 V battery use, the AN90 provides flexibility for all conditions.

KVS	Volts	Stored	Output	Distance	Case	Model	Part	Brand
533-032	6V / 12V	0.16J	0.12J	2 mi / 5a	6	AN90GS	FSTAN90WS	Stafix

## Dual Purpose

### Energizer - P5

Unique, industry-leading, dual-purpose feature allows chargers to run on 110v plug or 12v battery. Ideal unit for smaller applications, strip-grazing and portable fences.

KVS	Volts	Stored	Output	Distance	Part	Brand
533-601	110V	0.7J	0.5J	15 mi / 60a	803401	Patriot

### Energizer - P10

Unique, industry-leading, dual-purpose feature allows chargers to run on 110v plug or 12v battery. Great choice for fencing small numbers of livestock.

KVS	Volts	Stored	Output	Distance	Part	Brand
533-602	110V	1.4J	1.0J	30 mi / 100a	803702	Patriot

### Energizer - P20

Unique, industry-leading, dual-purpose feature allows chargers to run on 110v plug or 12v battery. Greater range for more acres and a larger number of livestock.

KVS	Volts	Stored	Output	Distance	Part	Brand
533-603	110V	2.7J	2.0J	50 mi / 200a	803403	Patriot

### Energizer - P30

Unique, industry-leading, dual-purpose feature allows chargers to run on 110v plug or 12v battery. Most powerful charger in the Patriot lineup with the greatest range and livestock control.

KVS	Volts	Stored	Output	Distance	Part	Brand
533-604	110V	4.5J	3.0J	65 mi / 260a	805153	Patriot

## Energizers - Tru-Test Dual Purpose

### Energizer - X1

Suited for smaller fence lines, the Stafix X1 is ideal for protecting property, buildings, pasture where temporary fencing might be needed or around isolated areas for more convenient livestock control. Allows chargers to run on 110v plug or 12v battery.

KVS	Volts	Stored	Output	Distance	Part	Brand
533-026	12 / 100-240V	1.4J	1J	10 mi / 40a	809473	Stafix

### Energizer - X2

The Stafix X2 is ideal for those unexpected situations where fast, reliable power is needed. Chargers run on 110v plug or 12v battery.

KVS	Volts	Stored	Output	Distance	Part	Brand
533-027	12 / 100-240V	2.7J	2J	20 mi / 80a	809474	Stafix

### Energizer - X3

The Stafix X3 is ideal if you are planning fence line additions or where fences are subject to increased seasonal livestock pressure. Chargers run on 110v plug or 12v battery.

KVS	Volts	Stored	Output	Distance	Part	Brand
533-028	12 / 100-240V	4.5J	3J	30 mi / 120a	809475	Stafix

### Energizer - X6

The X6 carries on the great benefits of solar use, while providing more power for those slightly larger block areas. The half voltage terminal enables bi-polar operation and enables you to reduce the fence voltage if required. Chargers run on 110v plug or 12v battery.

KVS	Volts	Stored	Output	Distance	Part	Brand
533-035	12 / 100-240V	9J	6J	60 mi / 240a	812660	Stafix

### Energizer - X6i

The X6i is suitable for powering up to 60 miles of fence line. The half voltage terminal enables bi-polar operation. It also enables you to reduce the fence voltage if required. The ground monitoring function allows you to identify ground system problems. Remote control included. Chargers run on 110v plug or 12v battery.

KVS	Volts	Stored	Output	Distance	Part	Brand
533-034	12 / 100-240V	9J	6J	60 mi / 240a	812666	Stafix

### Energizer - X12i

The Stafix X12i is suitable for powering up to 90 miles of fence line. As well as this extra power, the X12i comes with a handful of additional features that help you monitor your fence and earth performance.

KVS	Volts	Stored	Output	Distance	Part	Brand
533-036	12 / 100-240V	16J	12J	90 mi / 500a	812666	Stafix
533-520	Power Adapter					Stafix

## Energizers - Tru-Test Dual Purpose

### Energizer - X18i Unigizer

Low energy terminal limits energy to below 1.5 J for use around buildings and houses. Cyclic Wave™ technology provides a cleaner, more powerful pulse, maximising the energy that travels down the fence for optimal stock control. Remote capable (remote sold separately FSTFCRC). Battery saver technology extends battery life and is particularly efficient when used in solar installations. Day/Night sensor to automatically adjust pulse speed on day or night conditions. Large terminals ensure good connection. Earth monitoring function allows user to identify earth system problems. Versatile power options - use either mains, battery or solar power. Adjustable settings provide flexible pulse speeds and a low power option.

KVS	Size	Volts	Stored	Output	Distance	Brand
533-018	110v 18J	110-240V	24J	18J	110 mi / 270a	Stafix

## Mains Powered

### Energizer - PE2 Low Impedance

Ideal for containing pets and keeping out small nuisance animals.

KVS	Size	Volts	Stored	Output	Distance	Case	Brand
533-607	2 Mile AC	110V	0.16J	0.1J	2 mi / 8a	8	Patriot

### Energizer - PE2 Garden Kit

All you need to build a quick, basic electric fence. Great for yards, flower and vegetable gardens, and other similar areas. Safely contains pets and deters small nuisance animals. Kit includes: •110 V Patriot PE2 energizer, •10 x 28.5" posts with 4 preset clips on each post for quick installation, •100ft of green poliwire, •ground rod and •fence connectors, •step by step instructions and •sturdy box to store kit when not in use.

KVS	Volts	Stored	Output	Distance	Case	Brand
533-610	110V	0.16J	0.1J	2 mi / 8a	4	Patriot

### Energizer - PE5 Low Impedance

Ideal for fencing small properties up to 20 acres.

KVS	Size	Volts	Stored	Output	Distance	Case	Brand
533-608	5 Mile AC	110V	0.32J	0.2J	5 mi / 20a	8	Patriot

### Energizer - PE10

Ideal for fencing small properties up to 40 acres.

KVS	Size	Volts	Stored	Output	Distance	Case	Brand
533-609	10 Mile AC	110V	0.49J	0.3J	10 mi / 40a	8	Patriot

### Energizer - M36RS

Designed for large properties with extensive electric fence systems, the M36RS is for those who want maximum power for high vegetation growth and heavy pressure from livestock. The M36RS excels by maintaining high voltage and energy levels under the most extreme conditions. Remote control included.

KVS	Volts	Stored	Output	Distance	Model	Part	Brand
533-008	100-240V	54J	36J	220 mi / 2500a	M36RS	806567	Stafix

## Energizers - Tru-Test Solar

### Energizer - AN90 Solar

Powerful and versatile strip grazing unit.

KVS	Volts	Stored	Output	Distance	Brand
533-029	12V Battery	0.16J	0.12J	1.25 mi / 5a	Stafix

### Energizer - PS15

Powerful integrated solar charger is a top choice for remote areas. Mounts directly on a T-post and can operate up to 21 days without sunlight.

KVS	Volts	Stored	Output	Distance	Part	Brand
533-605	12V Battery	0.2J	0.15J	10 mi / 40a	813145	Patriot

### Energizer - SG50 SolarGuard

The light, compact design with carry handle makes it ideal for portability. The unit includes internal battery and solar panel, providing a convenient all-in-one energizer.

KVS	Size	Volts	Stored	Output	Distance	Case	Brand
533-606	6 Volt	6V battery	0.07J	3.4kV	3 mi / 12a	4	Patriot

### Energizer - SXS

The Stafix SXS features the improved solar panel technology that requires less sunlight for top performance. This unit is ideal for those who live in variable weather environments and want more confidence during the long dark winter months. This versatile solar energizer comes with an internal battery and is perfect if you're a small block holder or are looking to power a small run off where mains power is not readily available. Up to 21 days operation without sunlight. Can be installed on standard wood or t-posts.

KVS	Volts	Stored	Output	Distance	Model	Part	Brand
533-030	12V Battery	0.63J	0.5J	5 mi / 20a	SX	FSTSX-02	Stafix

## Gates and Accessories

### Cut-Out Switches

#### Switch - Cut Out

Stainless steel fittings for positive non-corrosive contact. Highly visible on/off position.

KVS	Color	Case	Part	Brand	Mfg.
533-096	Yellow	10	FSTSS	Stafix	Tru-Test

#### Switch - Cut Out - Heavy Duty

Stainless steel fittings for positive non-corrosive contact.

KVS	Part	Brand	Mfg.
533-095	FSTHDCOS	Stafix	Tru-Test

## Gates and Accessories

### Gate Accessories

#### Gate Activator

Features a zinc joint clamp for easy connection of wires. For use with tape, spring and bungy gates. Unique swivelling activator plate.

KVS	Pack	Part	Brand	Mfg.
533-102	2pk	824842	Stafix	Tru-Test

### Gates

#### Gate - Bungy

Provides extreme stretch, high conductivity and maximum shock exposure. Comes with a highly visible safety flag. Electrifies gateways up to 11 m wide. Versatile and easy to install. Fully insulated, heavy duty handle with protective guards and non-slip grip.

KVS	Case	Brand	Mfg.
533-089	10	Stafix	Tru-Test

#### Gate Kit

Kit consists of 1 gate handle w/hook, 1 tension spring and 2 gate handle insulators. Stretches up to 5m (16')

KVS	Mfg.
376-242	Kerbl

#### Spring Gate

Use as gate in temporary and permanent fences. Covers up to 16' gate opening. Includes: yellow gate handle, activator, anchor and 16' spring.

KVS	Brand	Mfg.
533-622	Patriot	Tru-Test

#### Spring Gate - White

Highly visible powder coated spring. Expands up to 16'. Complete with anchor insulator and unique swivel activator.

KVS	Info	Color	Size	Case	Part	Brand	Mfg.
533-084	Gates 5m	White	16' / 5m	10	FSTSGWY	Stafix	Tru-Test

#### Spring Gate - Yellow

High tensile galvanized spring. Complete with anchor insulator and unique swivel activator.

KVS	Info	Color	Size	Case	Part	Brand	Mfg.
533-083	Gates 7m	Yellow	24' / 7m	10	FSTXLSGY	Stafix	Tru-Test

#### Tape Gate

Positive non-slip heavy duty gate break, with strong and robust body. Highly visible gate tape, expands up to 16ft. Complete with anchor insulator and unique activator. Easily installed, highly flexible and convenient.

KVS	Part	Brand	Mfg.
533-085	FSTTGWY	Stafix	Tru-Test

## Gates and Accessories

## Handles

## Gate Break - Compression

Strong and robust body with a positive non-slip grip. High tensile, heavy duty spring compresses under tension, preventing over-stretching. Fully insulated handle.

KVS	Color	Part	Brand	Mfg.
533-069	Blue	FSTCGB	Stafix	Tru-Test

## Gate Break - Heavy Duty

Heavy duty, robust body with large flanges. Positive non-slip grip. High tensile galvanized spring. Fully insulated handle.

KVS	Color	Part	Brand	Mfg.
533-080	Yellow	FSTHGBY	Stafix	Tru-Test

## Gate Handle - Black - Kerbl

Plastic gate handle with hook and tension limiter which prevents over-stretched spring.

KVS	Color	Pack	Part	Mfg.
376-237	Black	5pk	44241	Kerbl

## Gate Handle - Black - Patriot

Fully insulated handle with positive non-slip grip and high-tensile galvanized spring. Works with high-tensile wire, poliwire, poliropo, politape, or as a replacement handle for Patriot Spring Gate in permanent and temporary fences.

KVS	Color	Part	Brand	Mfg.
533-615	Black	81727	Patriot	Tru-Test

## Gate Handle - Kerbl

Plastic gate handle with hook and tension spring.

KVS	Color	Part	Mfg.
376-550	Black	44251	Kerbl

## Gate Handle - Orange

Insulated rubber gate handle. Bright orange color for easy identification. Works with hi-tensile wire and most poli-products.

KVS	Color	Part	Brand	Mfg.
533-068	Orange	809925	Stafix	Tru-Test

## Gate Handle - With Hook - Polycarbonate

Polycarbonate gate handle. Increased UV resistance. Highly durable, outlasts conventional plastic handles. Tension limiter prevents over-stretched springs.

KVS	Info	Pack	Part	Mfg.
376-238	With Hook	5pk	44243	Kerbl

## Gates and Accessories

### Handles

#### Gate Handle - Yellow - With Hook

Plastic gate handle with hook and tension spring.

KVS	Info	Color	Pack	Part	Mfg.
376-245	With Hook	Yellow	5pk	44253	Kerbl

#### Gate Handle - Zammer

This ultra-durable twin hook design can be used in three ways: 1. As a live hook for temporary fencing - the handle eliminates voltage while setting up and allows powering up with a single movement. 2. As an insulated hook in the temporary fencing - this removes the need to change handles when the power supply from a permanent live wire is unavailable and you need to connect to a portable energizer. 3. As a gate break

KVS	Case	Part	Brand	Mfg.
533-067	30	824114	Stafix	Tru-Test

#### Gate Handle Insulator

Gate Handle Insulator with 6mm wood screw and two galvanized hooks, gate handles from both sides.

KVS	Color	Pack	Part	Mfg.
376-244	Black	10pk	44248	Kerbl

#### Spring - Galvanized

Stainless steel tension spring for steel wire. A sturdy model for steel wire that eases the strain on wire and corner posts. Balances temperature changes in winter and makes fences flexible.

KVS	Mfg.
376-557	Kerbl

## Permanent Fencing

### Insulators

#### Insulator - Big Ring

For poly wire and steel wire. Impact resistant plastic.

KVS	Pack	Case	Part	Mfg.
376-554	25pk	500	44327	Kerbl

#### Insulator - Dual Purpose

This Dual Purpose Insulator has a sturdy pin for longer life. It has reinforced jaws and the pinlock allows for easy wire removal. For use on standard T-Posts or wood posts.

KVS	Color	Pack	Case	Part	Brand	Mfg.
533-054	Green	25pk	500	FSTTPIG	Stafix	Tru-Test

## Permanent Fencing Insulators

### Insulator - End Strain - Economy

Strain insulator for electric rope. Reinforced with fiberglass. Suitable as corner and strain insulator. Available in EC only.

KVS	Info	Pack	Mfg.
376-421	Economy	25pk	Kerbl

### Insulator - End Strain - Medium

This End Strain Insulator has a medium strength design. Long leakage paths prevent arcing and deep grooves prevent twisting under tension.

KVS	Color	Pack	Case	Part	Brand	Mfg.
533-062	Green	25pk	250	FSTESG	Stafix	Tru-Test

### Insulator - End Strain - Patriot

Long leakage paths to prevent arcing and deep grooves to hold wire in place. Use with high-tensile wire and poliwire in permanent fences for ends, curves and corners.

KVS	Pack	Part	Brand	Mfg.
533-617	10pk	809981	Patriot	Tru-Test

### Insulator - End Strain - Stafix

Suitable for high strain use. A cost efficient way of insulating your electric fence wires from your strainer posts. Reinforced glass filled polymer for maximum strength. Superior UV stabilisation for long life. Deep grooves hold wire in place and prevent twisting. Long leakage path prevents arcing. Use with most sizes of fence wire.

KVS	Pack	Case	Part	Brand	Mfg.
533-103	5pk	20	812841	Stafix	Tru-Test

### Insulator - End Strain - Ultra

This End Strain Insulator has an ultra strength design. It has glass fibre reinforced polymer for maximum durability. Long leakage paths prevent arcing and deep grooves prevent twisting under tension.

KVS	Color	Pack	Case	Part	Brand	Mfg.
533-061	White	25pk	250	FSTESW	Stafix	Tru-Test

### Insulator - Extender Ring

Offset Ring Insulator. Keeps live wire away from posts. For rope up to 8mm.

KVS	Size	Pack	Case	Part	Mfg.
376-551	22cm	10pk	300	44310	Kerbl

### Insulator - Multi-Fit Rod Post - Screw On

Adjustable to fit rod posts 3/8" to 3/4". It is UV stabilized for long life. Heavy duty screw nut with non-slip grips. Strong claw, reinforcing rib. Innovative back end slot with anti slip-out hooks for up to 1/2" politape.

KVS	Color	Size	Pack	Case	Model	Part	Brand	Mfg.
533-063	Black	3/8" - 3/4"	25pk	25	RP14	808023	Stafix	Tru-Test

## Permanent Fencing Insulators

### Insulator - Pinlock Y-Post

This Pinlock Y-Post Insulator is a replacement insulator for pinlock wire outrigger. (533-050) The Pinlock allows for easy wire removal and it has a large spark shield to minimize arcing.

KVS	Color	Pack	Case	Part	Brand	Mfg.
533-049	Black	25pk	400	FSTYPPIGP	Stafix	Tru-Test

### Insulator - Porcelain Donut

Use on fence ends, curves or corners. Works with high-tensile wire, poliwire or politape.

KVS	Color	Part	Brand	Mfg.
533-625	White	812511	Patriot	Tru-Test

### Insulator - Ring

Ring insulator with short support. Galvanized support. Wide wire run.

KVS	Size	Pack	Case	Part	Mfg.
376-552	5.3mm	25pk	500	44316	Kerbl

### Insulator - Ring - Metric Thread

Ring Insulator with metric thread. For steel T-Posts. Sturdy plastic body. Black

KVS	Size	Pack	Case	Part	Mfg.
376-553	6mm	25pk	500	44324	Kerbl

### Insulator - Ring - Screw In

Screw-in insulator for use with wood posts. Works with high-tensile wire, poliwire, or politape in both permanent and temporary fences.

KVS	Color	Pack	Part	Brand	Mfg.
533-616	Black	25pk	810840	Patriot	Tru-Test

### Insulator - Rod Post

Fits rod posts from 1/4" to 5/8". Works with high-tensile wire, poliwire, or politape in both permanent and temporary fences.

KVS	Color	Pack	Part	Brand	Mfg.
533-628	Black	25pk	809979	Patriot	Tru-Test

### Insulator - Rope - Wood Post Screw

Euro rope insulator with wood post screw. Used for electric rope up to 1/3" (8mm).

KVS	Size	Pack	Case	Mfg.
376-556	6mm	25pk	500	Kerbl

## Permanent Fencing Insulators

### Insulator - Tape - In Line Wood Post

Fits 1/2" (12mm) and 1.5" (40mm) tape 1/4" (6mm) rope and can be nailed or stapled to wood posts.

KVS	Color	Pack	Case	Part	Brand	Mfg.
533-058	White	25pk	100	FSTWTIW	Stafix	Tru-Test

### Insulator - T-Post Extender

Fits on both sides of T-posts. Solid construction for longevity and superior holding capacity. Works with high-tensile wire, poliwire, poliropo or 1/2" politape. Great way to add high-tensile wire to existing barb wire fence.

KVS	Color	Pack	Part	Brand	Mfg.
533-630	Black	10pk	810841	Patriot	Tru-Test

### Insulator - Wood Post Claw

Large shield to prevent arcing, easily attaches to wood post with nails or screws. Works with high tensile wire, poliwire or politape in both permanent and temporary fences.

KVS	Color	Pack	Part	Brand	Mfg.
533-618	Black	25pk	810507	Patriot	Tru-Test

### Insulator - Wood Post Claw - Ribbed

This wood post claw ribbed insulator has a large shield to prevent arcing. It is easily attached with nails or staples. The heavy duty claw fittings are for maximum strength.

KVS	Color	Pack	Case	Part	Brand	Mfg.
533-053	Green	25pk	500	FSTWPC	Stafix	Tru-Test

### Insulator - Wood Post Pinlock

This wood post pinlock insulator has a heavy duty design with twin spark guards. It has long tracking distances, unique staple guides and a tapered self-locking pin.

KVS	Color	Pack	Case	Part	Brand	Mfg.
533-052	Green	25pk	500	FSTWPP	Stafix	Tru-Test

### Insulator - Wood Post Slant

Protects existing fence by extending electric fence wire 5 in (13 cm) off the wood post. For Poliwire, poliropo, steel / aluminum wire.

KVS	Color	Size	Pack	Case	Brand	Mfg.
533-631	Black	5in	25pk	10	Patriot	Tru-Test

### Insulator - Wood Post Square

Economical single nail installation. For Poliwire, thin gauge steel/aluminum wire.

KVS	Color	Pack	Brand	Mfg.
533-632	Black	25pk	Patriot	Tru-Test

## Permanent Fencing Insulators

### Insulator - Wood Post Tube

Economical way to insulate electric fence wire when using wood posts.

KVS	Color	Size	Pack	Case	Mfg.
533-634	Black	4inch	25pk	20	Tru-Test

### Insulator - Wrap Around

Place around corner/ends posts to insulate wire. Works with high-tensile wire in permanent fences.

KVS	Color	Pack	Part	Brand	Mfg.
533-624	Black	10pk	811413	Patriot	Tru-Test

## Rope

### Connectors - Rope - Electric

For use in joining electric fence rope together. For use with 6mm wide rope. Easy to install with screwdriver.

KVS	Pack	Mfg.
376-481	5pk	Kerbl

### Electroplus Bronze

1 black tracer for visibility. Metallic coated copper wires cross 3 times per inch. 700lb break strength.

KVS	Size	Mfg.
681-009	1320ft	Electro Fence
681-011	660ft	Electro Fence

### Electroplus Silver

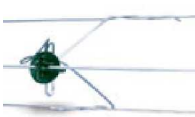

1 black tracer for visibility. Metallic coated copper wires cross 3 times per inch. 1460lb break strength. Made with Polyethylene for better UV protection.

KVS	Size	Mfg.
681-005	1320ft	Electro Fence
681-007	660ft	Electro Fence

## Standoffs & Outriggers

### Outrigger - Wire Pinlock

A wire outrigger complete with insulator that can be easily added to existing non-electric fences. Constructed from high tensile galvanized steel and comes with UV stabilized pinlock insulator. 10 year UV warranty on insulator.

KVS	Color	Size	Pack	Case	Part	Brand	Mfg.
533-050	Black	300mm	50pk	50	FSTYPPPIOP	Stafix	Tru-Test

## Permanent Fencing Standoffs & Outriggers

### Standoff - Side Fixing

Side fixing steel standoff

KVS	Size	Part	Brand	Mfg.
533-039	6"	808033	Stafix	Tru-Test
533-047	10 5/8"	808036	Stafix	Tru-Test

## Strainers

### Strainer - Chain

Hayes Chain Clamp Strainer is designed for prefabricated fence use with clamps. Comes with a long 6mm chain.

KVS	Color	Size	Part	Brand	Mfg.
533-801	Red	20 ft chain	872019	Hayes	Tru-Test

### Strainer - Clamp - Heavy Duty

Heavy duty industry leader. Suitable for 16-12.5 ga wire. Simple and proven design.

KVS	Color	Size	Part	Brand	Mfg.
533-800	Red	Suitable for 1.6-5.0mm Wire	872002	Hayes	Tru-Test

### Wire Strainer - Handle

Galvanized handle for the In Line Wire Strainer. (533-090)

KVS	Part	Brand	Mfg.
533-091	FSTDSPH	Stafix	Tru-Test

### Wire Strainer - In Line

This insulated wire strainer is made for high strain conditions with its galvanized frame and solid die cast zinc wheel. The insulator is reinforced with robust glass. It can be tightened with most strainer handles.

KVS	Pack	Case	Part	Brand	Mfg.
533-090		50	FSTDSP	Stafix	Tru-Test
533-620	5pk		809800	Patriot	Tru-Test

### Wire Strainer - Insulated BullNose

Features a heavy duty design for high strain use. Suitable for high strain use. Spring clip design for easy tensioning. Galvanised frame with aluminium spool. UV stabilised for long life.

KVS	Pack	Brand	Mfg.
533-094	50pk	Stafix	Tru-Test

### Wire Strainer - Uninsulated

This Uninsulated Wire Strainer has a world-leading design. It is extremely strong and easy to use. The unique spring design stays engaged on the wheel.

KVS	Case	Part	Brand	Mfg.
533-092	50	FSTSCUWS-50	Stafix	Tru-Test
533-629		809813	Patriot	Tru-Test

## Permanent Fencing Underground

### Cable - Underground

Double insulated with 12.5 gauge galvanized wire. Use underneath gates to maintain charge, as a leadout wire, to connect fence wires in all live ground systems, and to connect charge to fence line.

KVS	Info	Color	Size	Part	Brand	Mfg.
533-071		Black	165ft	806017	Stafix	Tru-Test
533-072	With Reel	Black	330ft	806027	Stafix	Tru-Test
533-614			50' roll	809731	Patriot	Tru-Test

### Cable - Underground - Aluminum Coated

3 times more conductive than galvanized wire. A must for large energizer lead out cable. Double coated in polyethylene and proven to perform between -60C and 50C.

KVS	Color	Size	Part	Brand	Mfg.
533-073	Black	330ft	FSTC10025AL	Stafix	Tru-Test

### Earth Kit

Complete Ground Rod Kit: Includes 3 5ft stainless steel ground rods, 3 rod clamps, and 50' of steel wire..

KVS	Size	Part	Brand	Mfg.
533-105	Rods: 5ft long	FSTK	Stafix	Tru-Test

## Scales Indicators

### Eziweigh - Car Charger

Use with EziWeigh5/6/7 indicators. Optional accessory.

KVS	Mfg.
778-027	Tru-Test

### Eziweigh - Power Adapter

Use with EziWeigh5/6/7 indicators. Includes USB cable adaptor. Multi-region AC adaptor.

KVS	Mfg.
778-028	Tru-Test

### Eziweigh - Serial Cable - RS232

Use to connect PC to 3000 series indicators, XRS or XRP2 EID readers.

KVS	Mfg.
778-026	Tru-Test

## Scales Indicators

### Weighing Indicator - Accessories and Parts

	<b>KVS</b>	<b>Info</b>	<b>Mfg.</b>
	778-021	USB/Serial Adapter Cable	Tru-Test
	778-022	EID Bluetooth Dongle	Tru-Test
	778-025	AC Converter	Tru-Test
	778-100	Female Cable Plug	Tru-Test
	778-101	Cap for Female Cable Plug	Tru-Test

### Weighing Indicator - EziWeigh 5

Large weight display - 1.4" high LCD. Backlight - easy to read in all lighting conditions. Internal battery - up to 20 hrs. run time. IP67 enclosure - sealed against dirt & moisture. Fine mode for weighing small livestock. Auto zero - zeros out manure, mud, snow, etc.

<b>KVS</b>	<b>Mfg.</b>
778-003	Tru-Test

### Weighing Indicator - EziWeigh 7 Bluetooth

Using its built-in Bluetooth® technology, the EziWeigh7 wirelessly connects to Tru-Test's XRS EID stick reader, automatically transferring scanned IDs straight into the indicator, saving time and improving accuracy. Alternatively, the animal's VID can be entered using the large and durable keypad. The EziWeigh7 features Tru-Test's proven Superdamp™ III technology, enabling you to capture accurate live animal weights more quickly than any other weigh scale on the market, even for the liveliest animals. Efficient information collection with wireless connection to EID stick readers.

- Identify top and poor performers by monitoring and comparing weight gains
- Capture traits to inform feed, breeding or health management decisions
- Maximize output with fast weight lock and auto weight recording
- Easily download and share recorded information with your computer

<b>KVS</b>	<b>Mfg.</b>
778-006	Tru-Test

### Weighing Indicator - ID5000

It's never been easier to track the performance of your animals and make better informed decisions. Quickly capture accurate animal weights to provide information you can act on to maximise profitability. Use it to identify poor performers, catch health issues early or easily split your animals into groups.

<b>KVS</b>	<b>Mfg.</b>
778-030	Tru-Test

### Weighing Indicator - XR5000

Capture the wide range of animal information you need to help you make the right decisions. Use it to quickly identify poor performing animals, optimise your breeding programme and catch animal health issues early. Track performance through a range of features to calculate and visualise the performance of individual animals or groups.

<b>KVS</b>	<b>Mfg.</b>
778-031	Tru-Test

## Loadbars

### Bracket - XHD 1000

2-piece mounting bracket for manual and hydraulic squeeze chute installations. Hardware included.

<b>KVS</b>	<b>Mfg.</b>
778-020	Tru-Test

## Scales

### Loadbars

#### Loadbars - Heavy Duty

This loadbar is designed primarily for permanent installation under manual squeeze chutes. Its unique footing absorbs the side loading forces which can occur, preventing damage to the scale.

KVS	Info	Size	Part	Mfg.
778-014	34" L x 3" W	3000kg Capacity	HD850	Tru-Test
778-015	39" L x 3" W	3000kg Capacity	HD1010	Tru-Test

#### Loadbars - Multipurpose

Multi-Purpose load bars, designed for portable applications (alleyways, crates). Load bar accuracy rating within +/- 1%. 3000kg capacity. Preferred loadbar for most equine platforms.

KVS	Size	Mfg.
778-011	2000kg Capacity	Tru-Test
778-013	3000kg Capacity	Tru-Test

#### Scale System - XHD 10000 Complete

The Tru-Test XHD10000 consists of four extra heavy duty load cells and a junction box. The load cells are fitted for permanent installation under cattle squeeze chutes or crushes. XHD10000 load cells are especially suited to applications where extra capacity and durability are required. Plated tool steel construction protects against the corrosive agricultural environment. Calibrated for use with a Tru-Test 3000 series or EziWeigh indicator (sold separately) to display weights. In most applications, each load cell is mounted in a bracket assembly (sold separately).

KVS	Info	Mfg.
778-017	Load Cells	Tru-Test

## Platforms

#### Scale - Platform

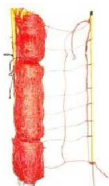

Weld free folded design with no flex for increased accuracy. Unique non-slip surface to ensure safety and comfort to the animals. Holes in the surface of the platform to prevent manure build up and allow for easy cleaning. Angled sides to keep animals centered.

KVS	Size	Mfg.
778-050	7'4" L	Tru-Test

## Temporary Fencing

### Nets

#### Ovinet for Sheep

Comes with 14 plastic posts with galvanized spikes. Welded knots. Three stainless steel conductors per horizontal strand. Upper strand has 5 stainless steel and one copper conductors.

KVS	Info	Size	Mfg.
376-170	Double Spike	36" x 50m	Kerbl
376-171	Double Spike	43" x 50m	Kerbl

#### Poulnet for Poultry

Electrifiable netting, double prong visible plastic stakes, 44 inches tall by 50m long. Suitable for hens, geese, turkeys and lambs. Features welded knots, strengthened top strand and small mesh width in lower area of net.

KVS	Color	Size	Part	Mfg.
376-172	Green	44" x 50m	292220	Kerbl

## Temporary Fencing Poli-Products

### Braid - Extreme

68 times more conductive than standard Poliwire. Special construction prevents vegetation becoming entangled. Polypropylene core for superior strength. Ultra-conductive wires for maximum energy transfer.

KVS	Size	Part	Brand	Mfg.
533-408	660' L x 7mm dia	814537	Stafix	Tru-Test

### End Strain Insulator & Wide Tape Corner - Politape

Fence wire: Politape (1/2 in and 1 1/2 in). Can also be used with metal pipes.

KVS	Pack	Part	Brand	Mfg.
533-635	2pk	814593	Patriot	Tru-Test

### Politape

6 strands of stainless steel. Highly flexible woven tape ideal for temporary fencing and strip grazing.

KVS	Info	Color	Size	Case	Part	Brand	Mfg.
533-500	6 Strand	White	660ft	10	FSTT2006W	Stafix	Tru-Test
533-509	6 Strand	Orange	660ft	10	FSTT2006O	Stafix	Tru-Test

### Poliwire

An economical choice for temporary fencing, featuring 6 stainless steel conductors and UV stablized yarns.

KVS	Info	Color	Size	Case	Part	Brand	Mfg.
533-400	6 Strand	White	660ft	10	FSTW2006W	Stafix	Tru-Test
533-401	6 Strand	White	1650ft	10	FSTW5006W	Stafix	Tru-Test
533-402	9 Strand	White	1320ft	10	FSTW4009W	Stafix	Tru-Test
533-407	6 Strand	Orange	1650ft	10	FSTW5006O	Stafix	Tru-Test

### Poly Wire - Budget Line

Budget line is yellow and orange with 3 conductors and 0.16mm stainless steel wire.

KVS	Color	Size	Part	Mfg.
376-470	Ylw/Orge	820ft	44520	Kerbl

### Poly Wire - Star Line

Star line wire is white with green and yellow threads. It has 3 tinned 0.25 copper wires and has very good conductivity.

KVS	Color	Size	Part	Mfg.
376-472	Wt/Gr/Ye	660ft	44525	Kerbl

### Rope - Electric - Budget Line

Economy Line electric fence rope. 6 stainless steel conductors. Ideal for short fence lines. Recommended maximum fence length 600m. Superior breaking strength. White

KVS	Color	Size	Mfg.
376-476	White	660ft x 6mm	Kerbl
376-477	White	660ft x 8mm	Kerbl

## Temporary Fencing Poli-Products

### Rope - Electric - Star Line

White poly rope with 6 tinned copper wires. Made of 3 white strands with green tracer 660'.

KVS	Size	Mfg.
376-478	200mx6mm	Kerbl

### Tape - Budget Line

Economy Line electric fence tape. 40mm x 200m. Eight stainless steel conductors. Ideal for short fence lines.

KVS	Size	Mfg.
376-450	12mm x 200m	Kerbl
376-457	40mm x 200m	Kerbl

### Tape - Electric - Star Line

Thick, tin-plated copper conductors, Reinforced outer edges help increase tear resistance. High quality materials offer outstanding performance.

KVS	Size	Mfg.
376-449	660ft x 1/2in	Kerbl
376-459	660ft x 40mm	Kerbl

### Tape - Electric - Top Line PLUS

Top Line electric fence tape. 20mm x 200m. Excellent conductivity for medium to long fences (5000m max). Five times more conductive than the Economy Line.

KVS	Color	Size	Mfg.
376-451	White/Red	20mm x 200m	Kerbl

### Tape - Extreme

106 times more conductive than standard Politape. Ultra conductive wires for maximum energy transfer. Tightly woven for superior strength. White with red for maximum visibility.

KVS	Color	Size	Case	Part	Brand	Mfg.
533-507	White/Red	660ft	10	FSTXW200	Stafix	Tru-Test
533-508	White/Red	1320ft	6	FSTXW400	Stafix	Tru-Test

### Tape - Premium

Ideal for equine fences or wherever high visibility fencing is required. Contains 10 strands of stainless steel wire.

KVS	Info	Size	Part	Brand	Mfg.
533-503	10 Strand	1.5inch x 165ft	FSTTGTO	Stafix	Tru-Test
533-505	10 Strand	1.5in x 660ft	FSTTWTW	Stafix	Tru-Test

### Tape - Premium Super 8

Contains 6 strands of highly durable stainless steel wire with enhanced visibility and 1.5 times more conductivity. Suited for strip grazing.

KVS	Info	Color	Size	Part	Brand	Mfg.
533-502	6 Strand	Wh/Or	660ft	FSTH20S8W	Stafix	Tru-Test

## Temporary Fencing Poli-Products

### Wire - Extreme

105 times more conductive than standard Poliwire. Ultra-conductive wires for maximum energy transfer. Suitable for long lengths of semi-permanent fence and high powered energizers. X-Wire offers increased shocking and stopping power.

KVS	Color	Size	Case	Part	Brand	Mfg.
533-403	White/Red	660ft	6	FSTXW200	Stafix	Tru-Test
533-404	White/Red	1320ft	6	FSTXW400	Stafix	Tru-Test

### Posts and Tread-Ins

#### Post - Fiberglass

Fiberglass step in post. 48" high. Lightweight, durable. Will not rust or rot. Features Smart Clip insulators which can accommodate up to 2" electric tape, braided rope, polywire or galvanized wire.

KVS	Mfg.
545-202	Geotek

#### Post - Plastic - with Galvanized Point

Plastic step-in post 150cm (60"). For conventional tapes, ropes and poliwire. Reinforced for increased stability. With galvanized spike

KVS	Size	Mfg.
376-483	60 inch	Kerbl

#### Rod - Fiberglass

Fiberglass rod.

KVS	Size	Mfg.
545-200	3/8in x 4ft	Geotek

#### Rod - Fiberglass - Clips

Stainless steel wire clips for fiberglass posts.

KVS	Size	Pack	Mfg.
545-300	3/8"	20pk	Geotek

#### Tread-In - Heavy Duty

High strength 'H' profile heavy duty tread-in. 34" above ground height. (41" total height) Suitable for Poliwire, Politape and wide tape. 8 positions for Poliwire, Politapes and Braids. 3 positions for wide tape.

KVS	Color	Case	Part	Brand	Mfg.
533-051	White/Yellow	50	FSTTS	Stafix	Tru-Test

#### Tread-In - Pigtail

Standard Pigtail 34" above ground height. Heights defined from foot to middle of pigtail. Durable crimped foot design. Galvanized steel. Wide foot for easy placement

KVS	Color	Size	Case	Part	Brand	Mfg.
533-064	Red Top	34in	500	806445	Stafix	Tru-Test

## Temporary Fencing Reels

### Geared Reel

The world's #1 geared reel. 3:1 ratio with a solid steel crank. Nylon bushings to reduce wear. Anti-tangle guide. 600' tape, 1650' wire capacity. Comes with carry handle and reel bobbin.

KVS	Color	Case	Part	Brand	Mfg.
533-112	White	4	FSTGFRWH	Stafix	Tru-Test
533-117	Bobbin Only		803653	Stafix	Tru-Test

### Reel - Corner

Corner "swivel" Insulator for Poly wire and electric rope. Has glass fibre reinforcement.

KVS	Pack	Mfg.
376-439	25pk	Kerbl

### Reel - Mega Geared

Mega standard reel holds 400m (1320ft) of politape or 1000m (3300ft) of poliwire. 1 year reel warranty, 5 year UV bobbin warranty.

KVS	Color	Part	Brand	Mfg.
533-113	White	FSTGMRWH	Stafix	Tru-Test

### Reel - Value - Bobbin

Plastic value reel bobbin.

KVS	Color	Part	Brand	Mfg.
533-114	Black	FSTSIRB	Stafix	Tru-Test

### Reel Mounting Posts - Galvanized

3 hole mounting post.

KVS	Brand	Mfg.
533-078	Stafix	Tru-Test

### Super Reel

Sturdy construction and suitable for use on mounting posts. Self-insulated and holds 3300' of poliwire of 1320' of politape. Comes with carry handle and reel bobbin.

KVS	Color	Case	Part	Brand	Mfg.
533-111	Black	2	FSTSRWH	Stafix	Tru-Test

### Value Reel

Sturdy construction and suitable for use on mounting posts. Self-insulated and holds 1650' of poliwire of 660' of politape. Comes with carry handle and reel bobbin.

KVS	Color	Case	Part	Brand	Mfg.
533-110	White	4	FSTVRWH	Stafix	Tru-Test

## Tools Management

### Battery Lead

Use to connect energizer to fence wire and ground system.

KVS	Size	Brand	Mfg.
533-521	X12I	Stafix	Tru-Test
533-613	For P5 P10 P20 P30 Chargers	Patriot	Tru-Test

### Cord - Bungy

Heavy duty electrified shock cord with supreme elasticity. 4 stainless steel wires cross over 10 x per cm for maximum conductivity. Suitable for all livestock. UV stabilised for long life.

KVS	Size	Case	Part	Brand	Mfg.
533-086	165ft	3	FSTTGK	Stafix	Tru-Test

### Cord - Power - Replacement

Designed to fail in the event of power surges saving your energizer. Replacement power cord for P5, P10, P20 and P30 chargers and other energizers.

KVS	Size	Brand	Mfg.
533-612	For P5 P10 P20 P30 Chargers	Patriot	Tru-Test

### Crimp Sleeves

The easiest and most effective means of joining wires. Creates a joint that exceeds the breaking strength of wire. Suitable for diameter of 1.6-2.5mm (16-12.5 gauge) fence wire.

KVS	Info	Size	Pack	Part	Brand	Mfg.
533-812	HC2	16-12.5ga	100pk	807979	Hayes	Tru-Test

### Earth Clamps

Solid galvanised construction.

KVS	Case	Brand	Mfg.
533-076	5	Stafix	Tru-Test

### Fence Lead Set - Patriot

For use with all patriot energizers. Simple, easy to use, and more convenient than underground cable/joint clamps. Connect energizer to fence wire and ground system

KVS	Part	Brand	Mfg.
533-633	821229	Patriot	Tru-Test

### Fence Lead Set - Stafix

Recommended for ensuring good electrical connections in temporary fencing.

KVS	Brand	Mfg.
533-510	Stafix	Tru-Test

## Tools Management

### Fence Pliers

Use to hammer staples, to extract staples with hood, and to crop, stretch, and twist the wire.

KVS	Size	Mfg.
100-716		KVS
376-418	Cuts 5mm	Kerbl

### Gripple

Wire splicers for quick dependable splices. Faster and more reliable than twisted wires. No tools required. 376-494 is available in EC only.

KVS	Info	Size	Pack	Mfg.
376-494	EC Only	10-14gauge		Kerbl
541-030		10-14gauge	20pk	Dare Products Inc.

### Insul-hook

Yellow plastic insulated hook for use in temporary fencing with portable reels.

KVS	Color	Case	Part	Brand	Mfg.
533-081	Yellow	100	FSTHIY	Stafix	Tru-Test

### Lead - Jumper

Jumper leads are recommended for ensuring good connections between reels and temporary fencing wires. For permanent installations, joint clamps are recommended.

KVS	Info	Color	Case	Part	Brand	Mfg.
533-098	Single			FSTJL	Stafix	Tru-Test
533-099	Triple	Yellow	10	FSTTJL	Stafix	Tru-Test

### Lightening Arrestor

The Stafix lightning arrestor helps protect your fence controller from damage due to lightning on the fence line.

KVS	Brand	Mfg.
533-048	Stafix	Tru-Test

### Lightning Diverter Kit

Kit contains components needed to block and divert most voltage spikes from lightning strikes. Includes spring choke, insulator, joint clamps and lightning arrestor.

KVS	Brand	Mfg.
533-046	Stafix	Tru-Test

### Line Taps Heavy Duty SR

Clamping action to ensure highly conductive joints. Non corrosive galvanized finish, multiwire joining clamp.

KVS	Pack	Case	Part	Brand	Mfg.
533-600	20pk	360	SA052	Stafix	Tru-Test

## Tools Management

### Ring Insulator Tool

Screw-in Tool for Ring Insulators. For drills and battery screwdrivers. Makes installing ring insulators easy. Works for 376-552, 376-553, 376-554 and 533-616.

KVS	Part	Mfg.
376-555	44370	Kerbl

### Wire Cutter

Wire cutter for cutting the high tensile wires used in fencing. The steel jaws have been heat-treated for longer life.

KVS	Mfg.
541-040	Dare Products Inc.

## Miscellaneous

### Joint Clamp

Fits up to 7 wires (12.5ga each). Solid zinc to prevent rust, recommended for all permanent fence connections.

KVS	Color	Pack	Case	Part	Brand	Mfg.
533-097	Zinc	25	500	FSJC	Stafix	Tru-Test

### Joint Clamp - Zinc

Split-bolt clamp design used to hold multiple fence wires or underground cable. Solid zinc construction for all permanent fence line connections.

KVS	Pack	Part	Brand	Mfg.
533-619	5pk	809984	Patriot	Tru-Test

### Sign - WARNING

Bright yellow plastic warning sign hangs on fence wire or can be nailed to post.

KVS	Color	Case	Part	Brand	Mfg.
533-100	Yellow	10	FSTEFYSY	Stafix	Tru-Test

## Testers - Indicators

### Fence Alert

Fence alert easily clips onto fence wire or tape and works with all pulsed energizers. Light flashes when low voltage is detected and have a choice between two low voltage trigger levels. It can be used on permanent or temporary fencing.

KVS	Case	Part	Brand	Mfg.
533-043	72	FSTFA	Stafix	Tru-Test

**Tools****Testers - Indicators****Fence Compass**

Fence compass with large back lit display and water resistant case. Offers simultaneous voltage and current reading to locate faults on electric fence. Measures up to 99 amps. Designed to be use with a wide range of energizers.

<b>KVS</b>	<b>Case</b>	<b>Part</b>	<b>Brand</b>	<b>Mfg.</b>
533-040	20	FSTFC	Stafix	Tru-Test

**Lite Tester**

This pocket-sized fence tester shows if a fence is live and measures voltage on the fence. The voltage indication lights with increments from 2000 to 6000 volts.

<b>KVS</b>	<b>Case</b>	<b>Part</b>	<b>Brand</b>	<b>Mfg.</b>
533-042	100	FSTFT	Stafix	Tru-Test

**Remote Unit**

A 3-in-1 designed specifically for rapid location of problems on an electric fence. Volt meter, fault finder and remote control for any Stafix remote ready energizer. On/Off switch enables you to turn the energizer on or off from anywhere on the fence line.

<b>KVS</b>	<b>Case</b>	<b>Part</b>	<b>Brand</b>	<b>Mfg.</b>
533-044	20	FSTFCRC	Stafix	Tru-Test

**Voltmeter - Digital - with Two Clips**

Electric fence digital voltmeter used to identify energizer, earth (ground) system and fence line faults. Measures between 100 volts and 9900 volts.

<b>KVS</b>	<b>Case</b>	<b>Model</b>	<b>Part</b>	<b>Brand</b>	<b>Mfg.</b>
533-041	20	FSTDV2C	806214	Stafix	Tru-Test
