KVS	Info	Part	Mfg.
376-109	Pelvic Clamp	1067	Kerbl

Lift - Cattle - Heavy Duty Crank

The heavy duty hip lift allows for the easy and safe elevation of cows or bulls when necessary. Padded pelvic loops ensure the animals comfort. All steel construction. Adjustable, fits all sizes of animals.

KVS	Part	Mfg.
154-001		Vienna Metal

Hobbles

Cow Trainers

Cow Trainers are used in the stanchion barn where they are connected to an electric fence charger to give cows a slight shock when they hump to evacuate. Cows are soon "trained" and the stanchions stay much cleaner. Galvanized Notch Bar Trainer has points at a 98 degree angle for better penetration without any sharp edges. Uprights are cadmium plated and equipped with Magi-Klips and insulators.

KVS	Pack	Part	Mfg.
098-132	5pk	3	Coburn

Hobble - Cow - Chain Style

Keeps cows from kicking and tail switching while being milked. Hooks over tendons of cow's hind legs. Adjusts for any size cow.

KVS	Part	Mfg.
076-160		Stone

Hobble - Cow - German Kick Stop

Heavy duty, adjustable, galvanized anti kick cow immobilizer.

KVS	Info	Mfg.
376-119		Kerbl
376-121	Spring Only	Kerbl
376-873	Knob Only	Kerbl

Handling Equipment

Hobbles

Hobble - Cow - Kow Kant Kick

An anti kick device which is fitted over the cow's back. Tightening the clamp by way of the crank, depresses the nerves and muscles, which controls kicking. It works on both sides of the animal, and immobilizes the back legs without pain or injury. Check parts section for schematics.
