Vision: To become the leading provider of products and services to our customers in the Canadian animal health market.

Mission: To develop a long-term, successful, strategic relationship with our customers and our vendor partners.

Values: Service to our customers is our primary duty and the most vital component to our partnered success.

Established in 1969 by Dan and Cassy Kane, Kane Veterinary Supplies is a Canadian wholesale distributor and manufactures agent. Kane provides excellence in distribution of the highest quality, cutting edge, value-laden products to the veterinary, pet, agricultural and equine markets across Canada.

Today, Kane has two full-service branches – Edmonton, Alberta and Cambridge, Ontario. Day-to-day inventory consists of over 12,000 items including vet supplies and pharmaceuticals, pet food and toys, animal ID products, and pest control items.

“A large part of our success is due to our diverse product selection – we offer items for the entire animal spectrum,” says Director of Canadian Operations, Steve Olsson. “This diversity is also displayed as a strength in our experienced staff members.”

In October 2007, Kane Veterinary Supplies Ltd. joined the Animal Health International, Inc. family group of companies (who in 2015 joined Patterson Companies Inc.).

Mideast Feast

"And I think to myself, what a 'wonderful' fish." Tilapia nilotica, "fish of the Nile," plays a fascinating historical role. Evidence, in the form of hieroglyphic paintings and carvings suggest that not only was tilapia harvested by ancient Egyptians, tilapia was the food of many Pharaohs. Because biblical tradition holds that tilapia was the fish Jesus multiplied and fed to the masses, some have come to know tilapia as "St. Peter's Fish" or "Wonder Fish."

BoxiePro Air Clumping Litter - Scent Free

Boxiecat Air™ litter is light on what you don't want but mighty on what you need because we believe you should experience lightweight litter without compromising on performance. 60% lighter than clay! AirTight™ clumps lock in odors, scoop easily, and don't crumble. Enjoy a super clean litter box while saying goodbye to weight, odors, and dust. Boxiecat Air™ is plant based, renewable, biodegradable, sustainable, and USA sourced.

It started with a question: what does a cat track out of the litter box? BoxiePro's boosted blend of probiotics deep clean your litter on a microscopic level 24/7, so your cat won't spread unseen waste to kitchen counters, beds, and other areas of the home. BoxiePro's Flat Top® clumps trap and prevent bacterial and ammonia odors, helping to keep your home fresh and odor free. Cleaner Paws = Cleaner Home® is about peace of mind and a more hygienic home for your family.

Litter Box - Top Entry

With an attached lid, the Petmate® Top Entry Litter Pan makes cleanup easier by keeping litter inside the box. The generous wide top opening allows easy access for cats of all sizes, and the space inside is large enough for them to turn around. No matter how much they dig or paw through the litter, the high walls will keep it from spilling over the edge and onto the floor. In multi-pet households, they will keep out curious dog noses. When your cat jumps out, the litter is trapped by the non-slip, textured lid and then falls back into the pan through grates that are large enough for most litter types. The rounded edges and molded bottom handle help you lift the box for easy moving and pouring out old litter even when it is full. Features a built-in hook for hanging a litter scoop. The Petmate Top Entry Litter Pan is made in the USA from 95% pre-consumer recyclable materials, making it an eco-friendly litter box option.
