Vision: To become the leading provider of products and services to our customers in the Canadian animal health market.

Mission: To develop a long-term, successful, strategic relationship with our customers and our vendor partners.

Values: Service to our customers is our primary duty and the most vital component to our partnered success.

Established in 1969 by Dan and Cassy Kane, Kane Veterinary Supplies is a Canadian wholesale distributor and manufactures agent. Kane provides excellence in distribution of the highest quality, cutting edge, value-laden products to the veterinary, pet, agricultural and equine markets across Canada.

Today, Kane has two full-service branches – Edmonton, Alberta and Cambridge, Ontario. Day-to-day inventory consists of over 12,000 items including vet supplies and pharmaceuticals, pet food and toys, animal ID products, and pest control items.

“A large part of our success is due to our diverse product selection – we offer items for the entire animal spectrum,” says Director of Canadian Operations, Steve Olsson. “This diversity is also displayed as a strength in our experienced staff members.”

In October 2007, Kane Veterinary Supplies Ltd. joined the Animal Health International, Inc. family group of companies (who in 2015 joined Patterson Companies Inc.).

Terms:

Terms are COD until approved by the Credit Department. Once approved, accounts are Net 30 days from the date of invoice.

All accounts with a past due balance of 31 days or more will be charged a late fee of 2% per month. All accounts, which have balances past due by 45 days or more, shall have their credit privileges suspended or revoked and orders will not be processed until the past due balance is paid in full. We reserve the right to remove any discounts if accounts go past due.

NSF cheques will be assessed a \$25.00 service charge. NSF cheques must be replaced immediately and prior to the release of any new orders with a certified cheque, bank draft or money order which includes the \$25.00 service charge.

Payments can be made by debit, company cheque and/or cash. Personal cheques are not accepted. Credit cards are accepted but may incur additional processing fees. Credit cards may only be used for accounts with current status.

It is to your advantage as well as ours to keep your credit account current.

Ordering:

Orders can be faxed, phoned or e-mailed.

Please provide the KVS item code number when placing orders.

All pick up orders must be placed a minimum of 4 hours prior to the expected pick up time, and must be picked up before 4:30pm. Our minimum order is \$25.00.

All orders are subject to GST/PST/HST where applicable. All published pricing is subject to change without notice.

Orders may include a combination of pet food and accessories to meet the requirements.

Additional freight surcharges may apply to large or weight sensitive items.

Shipping / Deliveries:

All freight policies are subject to change without notice.

After shipments have been accepted by the carrier they become the property of the consignee. Therefore, any problems with the shipment (i.e. damaged or lost merchandise) should be directed towards the carrier within 48 hours. It is very important to count and inspect each piece of your shipment before you sign the transport company's Bill of Lading. It is the only way to ensure the carriers responsibility.

All claims of Kane shortages must be reported within 48 hours of receipt of goods.

Returned Goods Policy:

You must have the authorization of Kane Veterinary Supplies to return goods prior to shipment or to dispose of damaged product. Please contact our returns department for a return authorization number.

Please enclose a copy of your original invoice with the product you are returning. An itemized list of product(s) being returned and a brief description of why the product is being returned must accompany all returns.

Any product returned for warranty work must have a copy of the bill of sale and a copy of the original invoice.

A minimum 15% recovery fee will be applied to all returns that are sent back due to customer error or out of season products.

Please ship all product returns back prepaid unless Kane's error.

No Credit will be allowed on the following products:

- Products unfit for resale due to improper storage, fire or flood damage, breakage, defacement
- Products with price stickers
- Products with broken seals
- Products sold with mention of "No Return"
- Non-dated merchandise over 1 year old
- Discontinued products
- Products manufactured/supplied on special order to customer's specification, except in the case of a manufacturing defect
- Expired or damaged product
- Short dated product (6 months or less) may be returned at a significant restock. For more information, call our returns department

Note:

Not all products are stocked or available in all locations.

Vittles Vault Food Container

Did you know that storing your pet's food in the bag causes pet food to go stale and lose its crunch and flavor? Your pet may eat food from the bottom of the bag at a slower pace or may just refuse to eat it at all. Keep your pets food fresh and tasty with Vittles Vault Food Storage Container. With a spin of the lid, the Vittles Vault Pawprint keeps food fresh with it's patented Gamma Seal Technology, which provides an airtight seal that consistently locks in freshness and flavor and keeps pests and harmful moisture out. Engineered with strength and durability in mind; the Vittles Vault Pawprint Outback is made of heavy-duty, food-safe BPA-free plastic that won't shatter or crack if dropped. Can be stored in the barn, garage, backyard, or your pantry. Molded-in handles on all sides makes it easy to carry or move. For added convenience; a free pet food scoop is included to make feeding time a breeze. NOTE: Capacity guidelines are based on the shape and density of kibble and feed. When in doubt; round up to the next size. CARE: We recommend thoroughly washing and drying your Vittles Vault Container regularly. Over time, oils absorb into the plastic, which can cause food to become rancid.

Chicken Strips - Tube

We founded the Polkadog Bakery with the simple mission to craft the highest quality, most nutritious dog and cat treats on the planet, and our 100% USA chicken breast strips are the cream of that crop. Each batch starts with locally sourced USA farm-raised chicken that is hand stripped then gently dehydrated in our Boston kitchen to achieve the perfect balance between meaty and crunchy. Clam Chowda Sticks

At Polkadog, we're obsessed with quality and sustainability. We're always looking for innovative ways to create new treats that are good for your pet and good for the planet. That means sourcing raw materials conscientiously from good people doing good work in our own backyard.

Clams are one of the most sustainable protein sources in the ocean. They're high in Omega fatty acids, low in calories, and filter the water they live in to feed. Low impact and delicious. A perfect steward for the earth, and a perfect recipe for a Polkadog creation.

Polkadog was founded for a one-eyed rescue dog named Pearl. We wanted to make the best treats we could for a great dog that definitely deserved it. We think your dog deserves it, too.

Cod Skins - Bulk

At Polkadog, we're all about locally sourced, made-in-the-USA, limited ingredient natural dog treats. Our super-duper fish skin dog treats are no exception. The cod we use to make these cod skins for dogs is caught wild in season by fishermen on small boats in Alaska. We hand-roll and slowly dehydrate each skin in our Boston kitchen to create these crunchy, savory, healthy cod skin treats.

Lucky Duck - Bits

One of our regular customers once told us that a visit to Polkadog was like finding the pot of gold at the end of the rainbow. We couldn't agree more.

But rather than gold, the pot at the end of our rainbow would be overflowing with all manner of delicious Polkadog treats.

Handmade daily in our Fish Pier kitchen with locally sourced US duck liver and natural potato flour, nothing says decadence quite like these crunchy, grain-free nuggets.

Perfectly sized for training on the go, these precious gems are a veritable bowl of unicorns and rainbows.

Beef Tripe

Beef Tripe is a high in protein and low in fat treat suitable for any dog's healthy diet. Our Green Tripe is the stomach lining of a cow which means it has plenty of healthy and all natural digestive enzymes and probiotics. This makes it a great treat for pups with sensitive tummies. Tripe is also great for soothing outdoor allergies and its crunch promotes dental health as your pup can gnaw on them and this helps the scraping down of plaque on teeth. WAG Tripe is grain free and single ingredient which aligns with a pup's physiology.

Goat Horn

By the age of 3, up to 80% of dogs develop some degree of dental disease - most commonly tartar buildup. Dental disease destroys the tissue and bone structures in your pup's mouth. Goat Horn is mainly composed of calcium and phosphorous to aid their bone structure. Additionally, by gnawing on a Horn for 30 minutes a day, your dog can scrape away tartar buildup on their teeth by nearly 70%. WAG recommends roughly 30 minutes of supervised chewing at a time, always leave them wanting more! Goats are culled for their meat, and their Horns are generally left to waste to decompose into the ground. WAG acquires them as a byproduct of the processing of their meat. They are boiled to remove any bugs and nasties, wrapped with a label and that's it!

Gorilla Chew - Natural Wood

Gorilla Chews are an all-natural wood chew for dogs, sustainably-harvested and minimally processed to be environmentally friendly products. They are the ideal natural chew alternative to rubber, latex, and nylon chew toys. Gorilla Chews are made from a dense and very hard wood. The characteristically contoured surface is extremely durable and long lasting, making an excellent chew choice for dental and gum care by reducing plaque build-up. Dogs instinctively love to chew wood, sticks, and branches, making Gorilla Chews the perfect solution to engage and entertain dogs for hours of gnawing fun.

Playology Dental Chew - Peanut Butter

The Science of Scent Unleashed! Playology designs scented toys that keep dogs more engaged. Our Dental Chew is scientifically designed for Senior Dogs combining our engaging all-natural scents with softer materials for more comfortable chewing so they can keep playing longer even as they (and their teeth) age. The Dental Chew is ergonomically designed textured foam for senior dogs' chewing satisfaction. Available in two sizes and two mouthwatering scents allowing you to find the combination that perfectly suits your dog's size and taste. Dogs have amazing noses that are 10,000 times more powerful than a human's. Dogs experience the world through scent. Our toys feature ENCAPSISCENT TECHNOLOGY which means our all-natural scents are embedded throughout the material of the toy at the microscopic level. As your dog chews, those tiny scent particles are released for your pup's olfactory enjoyment. Dogs use their super powerful noses to enjoy the scent - what they really love. Because we embed the scents directly into the material of each toy, your pooch will enjoy chewing and sniffing over and over again. Safety is a priority, our toys are made from DOG-SAFE MATERIALS. Since there are no safety regulations on dog toys, we use the same standards created for children's toys. All Playology toys are tested to meet U.S. government safety standards for lead, phthalates, BPA and other toxins deemed hazardous. Our SCENTS ARE 100% NATURAL - we take millions of microscopic derivatives of the actual food and encapsulate them throughout the entire toy. All the joy of the scent, with no chemicals or unwanted calories. In addition, our toys are incredibly EASY TO CLEAN. Dirt and sand trapped on the surface of a toy can grind down your pup's teeth. All Playology toys are easy to clean. Plus, our Encapsiscent Technology means you won't wash away the all-natural scent they love.

Safety Belt Clip

ROGZ knows how precious your dogz are. We've developed the ROGZ Safety Belt Clip for those of you who take your driving and safety seriously. No more Fido jumping on your lap whilst you try and negotiate the corner. No more Rex drooling down your neck and onto the collar of your favourite ROGZ T-shirt. Just slip the seatbelt through the loop of the Safety Belt Clip, clip it onto your dog's ROGZ H-Harness (not collar), and your mutt (and you) can enjoy your joyride stress free!

01 - Flexi Retractable Leads

Flexi

Lead - Classic Neon - Cord

Visibility while walking in the dark is guaranteed with the Neon retractable leash range, made by Flexi. It is for this purpose that Flexi has improved the neon leash adding highly reflective stickers on both sides of the casing, which gives an additional safety feature, that reflect headlights from up to 160 yards away. With these reflective components and the neon colored cord or tape, the neon strengthens the visibility of dog owners. Made in Germany.

Gentle Leader

Headcollar - Ultimate

Millions of dog owners today enjoy the benefits of stress-free walks thanks to the Gentle Leader Headcollar. Designed so that owners can communicate with their pet in a way they instinctively understand, the Gentle Leader painlessly and effectively removes the dog's natural tendency to pull by placing gentle pressure on calming points and eliminating uncomfortable pressure on the throat.

Gate - Assembly - Walk-Thru X-Tall

Is Spot a "jumper?" The extra-tall pet gate with small pet door by Carlson Pet Products contains the "big dogs" while allowing you and smaller pets to pass through with ease! An extra-high 41" hurdle sure to "trip up" your favorite 4-legged Edwin Moses (remember the legendary olympic hurdler?!). With the included 6" extension, this chew-proof, durable all-steel "checkpoint" expands from 29" to 40" wide, while the easy-to-adjust pressure mount system makes install a snap! Better yet, the patented 10 x 7" pet door allows your smaller pets easy passage as the equally convenient one-touch "walk-thru" handle design lets you come and go without hassle, too.

Dri-Tech Rope

The Science of Scent - Unleashed! Playology designs scented toys that keep dogs engaged longer - seven times as long as the leading brand. Our Dri-Tech Rope features an enticing, 100% all-natural scent and durable shaped-fiber technology that keeps the rope from tearing into long pieces that may be dangerous for your pet to swallow. Similar to performance athletic wear, our Dri-Tech rope toys wick away slobber to keep your game of tug or fetch dry and your toy stink-free. It is suitable for all ages and ideal for moderate to heavy chewers. Available in three sizes and a variety of mouthwatering scents allowing you to find the combination that perfectly suits your dog's size and taste. Dogs have amazing noses that are 10,000x more powerful than a human's. Dogs experience the world through scent. Our toys feature **ENCAPSISCENT TECHNOLOGY** which means our all-natural scents are embedded throughout the material of the toy at the microscopic level. As your dog chews, those tiny scent bubbles are broken and the scent is released for your pup's olfactory enjoyment. Because we embed the scents directly into the material of each toy, your pooch will enjoy chewing and sniffing over and over again. Safety is a priority, our toys are made from **DOG-SAFE MATERIALS**. Since there are no safety regulations on dog toys, we use the same standards created for children's toys. All Playology toys are tested to meet U.S. government safety standards for lead, phthalates, BPA and other toxins deemed hazardous. Our **SCENTS ARE 100% NATURAL** and **MADE IN THE USA**. We take millions of microscopic derivatives of the actual food and encapsulate them throughout the entire toy. Dirt and sand trapped on the surface of a toy can grind down your pup's teeth, so in addition, Playology toys are **EASY TO CLEAN**. Plus, our Encapsiscent technology means you won't wash away the all-natural scent they love.

RoboBone Electronic Treat Dispenser

The JW® RoboBone™ is the ultimate motorized dog chase toy! Stuff the wheels full of your dog's favorite treat, kibble or snack. Turn on the toy and watch it randomly travel, distributing treats along the way. Your dog will soon learn to follow the RoboBone in pursuit of snack treats or kibble and watch it go. RoboBone's intelligent design allows it to move freely without getting stopped or stuck. RoboBone is pre-programmed to chase and run from your pet for three minutes and then go into sleep mode until your pet wakes it up with a nudge. Once it wakes, it will resume a new two-minute randomized motion cycle to distribute more treats. Designed to work on all indoor floor surfaces including carpet, tile, and wood. Made from durable non-toxic plastic materials that securely house the electronics in the toy. RoboBone uses 4 AAA batteries (not included) and is recommended for dogs up to 50 pounds. The RoboBone can be kept clean by wiping the surface with a clean, damp cloth and allow to air dry completely before your next play session. As with all dog toys, we recommend supervised use of this toy.

Squeak-ee

Squeak-ee Ball - Hedgehog

The JW® Puppy Toy Collection is designed for puppies and their unique needs. More than a toy, we focus on enriching playtime through intelligent designs and creating fun discoveries for puppies as they explore their new world. Designed just for smallmouths, the JW® Hedgehog Squeak-ee™ Ball Puppy Toy is perfect for puppies during the teething phase. Made from green translucent, durable, textured rubber this toy massages your puppy's gums and is gentle on your puppy's mouth as they teethe and chew on this toy. Great for fetch, the Hedgehog Ball has a squeaker on the inside to keep your puppy's attention and bounces in an erratic path that engages your puppy's instincts. For safety, the Hedgehog Ball features a patented design that makes the squeaker fall inside the toy instead of out, helping to prevent choking hazards. Made just for puppies, the JW Hedgehog Squeak-ee Ball is the perfect toy to add to your puppy's toy collection.

Thrive Coconut Oil

Coconut oil gently elevates the metabolism, provides a higher level of energy and vitality, protects your dog from illness and speeds healing. Coconut oil has a unique fatty acids profile : 49% Lauric Acid, 6 % Oleic Acid 2% of Linoleic Acid. Lauric acid has strong anti bacterial properties. Therefore, Coconut Oil may help with bacterial skin or oral infection, including "hot spots". As a bonus, coconut oil can improve dog's skin and coat, improves digestion and reduces allergic reactions.

- Premium Human-Grade.
- Organic Ingredients.
- Good for All Breeds and Life Stages. Thrive Coconut Oil pairs perfectly with our Thrive Curcumin supplement! Makes for a great base for supplement molds, or to apply topically to dry skin.

Freeze Dried Beef Pancreas

Pancreatic enzymes have an important role in digestion. The pancreas is responsible for the production of lipase (breaks fat molecules), protease (breaks down proteins) and amylase (processes carbohydrates). Freeze dried bovine pancreas is an excellent bioavailable source of these digestive enzymes. Thrive Bovine Pancreatic Enzyme Supplements is a substitute for the natural enzymes that are normally produced by the pancreas. These enzymes complete the digestive process. For dogs with already damaged or diseased pancreas, offering freeze dried pancreas as a regular supplement to the raw food diet is essential to preventing future attacks. Historically dogs ate the entire digestive tract of their prey including the pancreas which contains an abundance of naturally occurring digestive enzymes including amylase, lipase and proteases.

Thrive Bovine Colostrum Powder

Colostrum contains over 90 immune factors, including the naturally-occurring Immunoglobulins IgG, and IgA. Supplementation with Freeze Dried Bovine Colostrum may be beneficial for dogs with food or seasonal allergies, as it contains an ingredient called proline-rich polypeptide (PRP). Research studies on Bovine Colostrum report that PRP may stimulate an under-active immune system into dealing with disease. Most importantly it can suppress an over active system that results from autoimmune disorders and allergic reactions. Thrive Bovine Colostrum is sourced from USDA Grade A dairy cows raised in the United States. It is laboratory tested to ensure it is antibiotic and rBST-free.
