Hoof Doctor Putty

Equine One Hoof Doctor Putty is similar to the oil, but a different consistency. The same unique restorative hoof formula is used to create our putty. Our formula is based on Birch Bark Extract, Betulin, Clinoptilolite, Omega 3, and Vitamins A & D for professional care of horses' hooves. It is a non-caustic product easily applied to the white line, hoof wall separations, and the hoof frog. With this horse hoof care product, you'll be able to improve the quality of the hoof while providing continuing care between farrier visits for an overall healthier hoof.

Fiskes - Hoof & Hide

Fabulous daily conditioner in dry or wet seasons. In wet conditions - helps prevent thrush as well as treats thrush very quickly, conditions the hoof while oils and beeswax create natural barrier keeping excess moisture out while allowing hoof to breathe - NO silicone in it to clog it up! In dry times prevents cracks and keeps hoof moist, promotes circulation and increases growth rate. Abscesses? Heals those too! Fiske's Hoof & Hide Balm is also effective as a liniment. It is very soothing for sprains or stiff muscles and joints in any animal - it's very soothing, warms when it needs to, and cools when it must - with built in (wintergreen) pain relief & takes out swelling too - a great combination of ingredients that work together to heal and refresh.

MORE CLEAR ROUNDS PER SCOOP

Compared to Cosequin®.

WHAT'S IN THOSE PELLETS?

FLEX means a more powerful combination of key ingredients for comprehensive joint and cartilage care.

MAX means more nutrients per scoop and better bioavailability so all that good stuff ends up where it's needed and not in your horse's bedding. Plus, there's no loading dose so your horse gets maximum joint health support every day - from the very first scoop.

Take joint health to the max. + Absorbine.ca

Myristol Cold-Pressed Hemp Oil for Horses

Cold pressed hemp seed oil is a translucent, slightly green vegetable oil that has been called 'nature's most perfectly balanced oil'. The oil derives from cold pressed extraction, so it is not exposed to excessive heat or harsh chemicals during processing. Hemp seed oil also has a very high fat content, with the majority being polyunsaturated fatty acids (PUFA's). These PUFA's are a unique blend of omega 3, 6 and 9 fatty acids, which are involved in a wide variety of metabolic processes, involving many different body systems. These fatty acids are also a natural complement to the omega 5 fatty acid cetylmyristoleate already present in Myristol products.

Red Horse Mineral

Most supplements contain grain products, sweeteners and artificial flavors, and colors (like that blue salt block we all see.) Redmond provides just what your horse needs and eliminates as many of the unnecessary ingredients as possible. They have done that again with Red. Red horse mineral contains no grain products, no sweeteners and no artificial flavors or colorings. It's just what your horse needs: 100% unrefined mineral sea salt with 63 minerals, an added mineral package and vitamins A, D and E. Red provides a full complement of all major trace minerals, plus key vitamins to support the immune system, vision, bones, muscles and nerves. It takes the guesswork out of meeting your horse's mineral needs.
