

D904-75841

SAFETY DATA SHEET

Revision: N/A

Preparation Date: 1/23/2025

SECTION 1: PRODUCT NAME AND COMPANY IDENTIFICATION

Product Identifier:

Product Name: Burt's Bees Ear Cleaner for Dogs

Company Identification

Company Name:

Address:

Emergency Email:

Emergency Telephone #:

In case of medical emergencies, please contact your local poison control center.

Recommended use of the chemical and restrictions on use:

Recommended Use: For cleaning of pet ears/fur

Restrictions on use: For external use only. Avoid contact with eyes. Used as directed.

Data Issued:

1/23/2025

SECTION 2: HAZARDOUS IDENTIFICATIONClassification:

This product is considered non-hazardous by US Occupational Safety and Health Administration Hazard Communication Standard (29 CFR 1910.1200).

The complete list of hazardous components are as follows:

Component	CAS	(%)
No Hazardous Components	N/A	100%

GHS Label elements including precautionary statementsEmergency Overview:

This is a pet care product that is safe for consumers and other users under intended and reasonably foreseeable use.

GHS Classification: N/A

GHS Label element: N/A

Hazard pictograms: N/A

Signal Word: Warning

Hazard Statements: May cause eye irritation.

Precautionary Statements-Prevention:

Keep out of reach of children. For external use only. Read label before use. Discontinue use if rash, redness, or itching occurs. Avoid contact with eyes.

Precautionary Statement – Response: NoneChronic Overexposure Effects: No known effectAggravated Medical Conditions: None known

1482F-4091

SAFETY DATA SHEET

Revision: N/A

Preparation Date: 1/23/2025

SECTION 3: COMPOSITION / INGREDIENT INFORMATION

*The exact percentage (concentration) of composition has been withheld as a trade secret.

INCI:	CAS#
Water	7732-18-5
Hamamelis Virginiana (Witch Hazel) Leaf Water	84696-19-5
Glycerin	56-81-5
Mentha Piperita (Peppermint) Oil	8006-90-4
Melaleuca Alternifolia (Tea Tree) Leaf Oil	68647-73-4
Lonicera Japonica (Honeysuckle) Flower Extract	223749-79-9
Alcohol	64-17-5
Potassium Sorbate	24634-61-5
Phenoxyethanol	122-99-6
Citric Acid	77-92-9

SECTION 4: FIRST AID MEASURES

Overview: Pet Ear Cleaner

Principle Routes of Exposure: Used on pet ears/fur

Eye Contact: In case of eye contact, rinse cautiously with water for several minutes or until material is sufficiently removed from eye. If eye irritation persists; Get medical advice/ attention.

Skin Contact: Not expected to be irritating. If irritation occurs following intended use wash with plenty of water. If skin irritation persists get medical attention.

Inhalational: Not expected to be irritating to the respiratory system. If respiratory irritation occurs, remove individual to fresh air in a rest position. Contact a physician.

Ingestion: Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of product may necessitate medical attention. Do not induce vomiting. Never give anything by mouth to an unconscious individual.

Most important symptoms and effects, both acute and delayed

Most Important Symptoms/Effects: No information available

Indication of any immediate medical attention and special treatment needed

Notes to Physician: Treat symptomatically.

Consult a doctor if symptoms develop or persist after taking measures above.

SECTION 5: FIRE FIGHTING MEASURES

Flammable Properties: Not flammable

Flash point: Not applicable

Extinguishing Media: Use chemical foam, dry chemical, carbon dioxide or water.

SAFETY DATA SHEET

Revision: N/A

Preparation Date: 1/23/2025

Suitable Extinguishing Media

Product is not flammable. Selection of a fire extinguisher should be appropriate to address the location of the fire and other materials involved.

Unsuitable Extinguishing Media

No information available.

Specific Hazards Arising from the Chemical

No information available.

Protective Equipment and Precautions for Firefighters

Firefighters should wear self-contained breathing apparatus and full protection gear.

NFPA Health Hazard 0 Flammability 0 Stability 0

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal Precautions: Use safety glasses or safety goggles if splash hazard exists. Use gloves and other protective clothing (apron, boots, etc.) to prevent skin contact.

Environmental precautions: Refer to protective measures in Sections 7 and 8.

Methods and materials for containment and cleaning up

Methods of Containment: Control the spill using absorbent pads, paper towels, sponges, vermiculite or spill pillows/pads while wearing the protective equipment as noted above.

Methods for Cleaning Up: Absorb liquid with a noncombustible absorbent material and wash the area completely with water/detergent. Prohibit discharge to drains, soil, surface and ground waters. Take care to avoid contact with wet surfaces or walkways that may become slick when product is present. Dispose of waste in accordance with Section 13 of this document in accordance with Section 13 of this document.

SECTION 7. HANDLING AND STORAGE

Precautions for safe handling

Handling: Handle in accordance with good industrial hygiene and safety practice.

For Household Settings: Keep out of reach of children.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

Conditions for safe storage, including any incompatibilities

Storage: Product can be stored in storage ambient.

SAFETY DATA SHEET

Revision: N/A

Preparation Date: 1/23/2025

Conditions for safe storage of unpackaged product (manufacturing environment): Store in the original tightly capped containers away from sunlight and other heat sources. Keep in a cool and well-ventilated area. Keep container closed when not in use. Store on spill pallets or in other locations where spill containment will be easily accessible.

Keep away from open drains and protect from releases to the environment.

Storage precautions for packaged product: See consumer packaging. No special precautions.

Incompatible Products: None known.

General Hygiene: Eating, drinking, and smoking is prohibited in areas where this product handled, stored, and processed. Workers should wash hands and wear appropriate PPE while handling this product. Remove contaminated clothing and protective equipment before entering work areas.

SECTION 8. EXPOSURE CONTROL / PERSONAL PROTECTION

Control Parameters Exposure Limits: Contains no substances with occupational exposure limit values.

Personal protective Equipment: Use appropriate PPE at time when handling the product. Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product, such as: lab coat, gloves, safety glasses, protective uniform, and etc. complying with an approved standard should be used to avoid any contamination.

Other Protective Clothing or Equipment: Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.

Work/Hygienic Practices: Wash hands, forearms, and face thoroughly after handling products, before and after eating, using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing.

For Household Settings: This is a pet care product that is safe for consumers and other users under normal and reasonably foreseeable use.

For Non-Household Settings: Use safety glasses, gloves and other protective clothing while handling material in manufacturing setting. Always follow good hygienic work practices.

Control parameters

These criteria have been published by the reference authority to establish exposure in the work environment. Employee work areas should be monitored to ensure that permissible limits are not exceeded during the working day. These references do not coincide with product use. These references are meant to be in association with the manufacturing environment.

Exposure Guidelines:

Component Name (CAS-No.)	Reference	TWA		STEL/CEILING	
		ppm	mg/m ³	ppm	mg/m ³
No OEVs have been established for noted constituents.	OSHA PEL	--	--	--	--
	ACGIH TLV	--	--	--	--

Appropriate engineering controls

SAFETY DATA SHEET

Revision: N/A

Preparation Date: 1/23/2025

Engineering Measures: Showers
Eyewash stations
Ventilation systems

Individual protection measures, such as personal protective equipment

Eye/Face Protection (Non-Emergency): None required for product use. For handling of large quantities of material, safety glasses with side shields/goggles are recommended. Face shields may be required where possibility of a large splash to the face could occur.

Skin and Body Protection (Non-Emergency): None required for product use. For handling large quantities of material, such as in product manufacturing, plastic or rubber gloves should be considered for use. Tyvek clothing may also be suitable for handling large quantities of material in the manufacturing environment.

Respiratory Protection (Non-Emergency): Respiratory protection is not required for product use. For manufacturing of product, respiratory protection may be considered to control nuisance odors. Ensure that the respirator meets current local occupational health and safety standards.

Hygiene Measures: Handle in accordance with good industrial hygiene and safety practices.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	Clear liquid
Odor:	Peppermint
Boiling Point/Range:	F: ~212 C: ~100
Melting/freezing point:	F: ~32 C: ~0
Flash Point:	Non-applicable
Specific Gravity:	Non-applicable
Vapor Pressure:	Non-applicable
Vapor Density:	Non-applicable
VOC Content:	Non-applicable
Water Solubility:	Freely soluble
pH:	5.0-8.0
Viscosity:	Thin liquid
Relative Density:	~1 (H ₂ O = 1)

SECTION 10: STABILITY AND REACTIVITY

Reactivity:	Material is not considered reactive under typical handling and storage conditions
Chemical stability:	Stable under recommended storage condition
Possibility of Hazardous Reactions:	None known
Conditions to avoid	None known
Incompatibility materials	None known
Hazardous Decomposition Products:	Not likely to occur. Oxides of carbon, hydrocarbons, and/or derivatives
Possibility of Hazardous Reaction:	Not likely to occur under normal storage and use

SECTION 11: TOXICOLOGICAL

Information on likely routes of exposure

SAFETY DATA SHEET

Revision: N/A

Preparation Date: 1/23/2025

Product Information: product is safe for its intended use based on the formulation, testing results, and the long history of safe use

Skin Contact: Overexposure may cause skin irritation or dryness

Eye Contact: May cause eye irritation

Ingestion: May cause gastrointestinal disturbance or diarrhea

Inhalation: None expected

Information on toxicological effects: Symptoms: No information available

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Sensitization: No information available

Mutagenic Effects: No information available

Carcinogenicity: No information available

Reproductive Toxicity: No information available

STOT – single exposure: No information available

STOT – repeated exposure: No information available

Acute Toxicity: Finished product is not expected to have acute health effects

Chronic Toxicity: Finished product is not expected to have chronic health effects

Carcinogenicity: There are no known carcinogenic chemicals in this product

SECTION 12: ECOLOGICAL INFORMATION

Target Organ Effects: No adverse health effects on target organs expected for finished product.

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request

Ecotoxicity The environmental impact of this product has not been fully investigated.

Persistence and Degradability No information is available

Bioaccumulation No information is available

Mobility in the Soil No information is available

Other Adverse Effects No information is available

SECTION 13: DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters.

For Non-Household Settings: Products covered by this SDS, in their original form, when disposed as waste, are considered non-hazardous waste according to Federal RCRA regulations (40 CFR Part 261). Disposal should be in accordance with local, state and federal regulations.

Contaminated Packaging: Dispose of in accordance with local, state and federal regulations.

Finished packaged product transported by ground (DOT): Non-hazardous

Finished packaged product transported by vessel (IMDG): Non-hazardous

Finished packaged product transported by air (IATA): Non hazardous

Finished packaged product transported IATA Classification: Not regulated, comply with IATA Dangerous Good Regulation 62nd Edition 2021

Additional care should be taken to comply with the conditions listed under Section 7.

SECTION 15: REGULATORY INFORMATION

This regulatory information represents the product in its consumer packaging.

US Federal Regulation

The product described in this Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).

SARA 313/302/304/311/312 chemicals: None.

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

CERCLA: None.

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

US State Regulations

CA Prop 65: This product is not subject to warning labeling under California Proposition 65.

SAFETY DATA SHEET

Revision: N/A

Preparation Date: 1/23/2025

International Regulations

Canada: All ingredients are CEPA approved for import to Canada. This product has been classified in accordance with the hazard criteria of the Canadian Controlled Products Regulations (CPR) and this SDS contains all information required by the CPR.

Mexico: Grade Minimum risk, Grade 0

WHMIS Hazard Class: Not regulated under CEPA

SECTION 16: OTHER INFORMATION

OTHER ADDITIONAL INFORMATION:

Issuing: January 23, 2025
Revision: N/A

General Disclaimer

_____ believes that the information contained in this SDS to be dependable and accurate to the best of the Company's knowledge and while it is provided in good faith, is without warranty of any kind, express or implied.

This information is designed only as guidance for safe handling and storage of the substance and is not a specification nor does it guarantee any specific properties. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property damage or release to the environment. _____ assumes no responsibility for injury to the recipient or third persons or for any damage to any property resulting from contact with the product.
