TREATING SICK CALVES?

LET'S **STOP** THAT.

Within the first 45 days of life, a calf is programmed to become a productive contributor or a resource drain.

First Defense® helps stop *E. coli*, coronavirus and other health challenges before they erode your return.

**Stop missing genetic potential –
provide Immediate Immunity™
with First Defense.**

Just one bolus provides
Immediate Immunity.

024-014	100mg/ml	100ml			Vetoquinol
024-013	200mg/ml	200ml	12	60	Vetoquinol

Dexamethasone 2mg

This corticosteroid injection is used as a treatment for arthritis in cattle and horses as well as for ketosis in cattle. Dexamethasone is indicated as an anti-inflammatory gluconeogenic product given by intramuscular injection or intravenous. Vet only. Do not freeze.

KVS	Size	Mfg.
002-503	100ml	DVL

Dextrose 50%

As an aid in the treatment of glucose deficiencies in cattle, horses, sheep and swine and for the treatment of ketosis in cattle. Intravenous or intraperitoneal use. Cattle and horses 250 to 500ml, sheep and swine 50 to 150ml. Store between 15-30°C and do not freeze.

KVS	Size	Case	Mfg.
024-513	500ml	12	Vetoquinol

Kelamycin

KELAMYCIN INTRAUTERINE SUSPENSION is indicated for the treatment of metritis in beef and dairy cows caused by organisms such as E. coli, Streptococci, Bacilli, Staphylococci, Proteus, and Clostridia, when these organisms are sensitive to oxytetracycline.

KVS	Size	Mfg.
002-623	250ml	DVL

Noromycin LA

NOROMYCIN LA Injectable Solution is indicated in the treatment of infections caused by oxytetracycline susceptible bacteria in cattle and swine. NOROMYCIN LA Injectable Solution is specially formulated to provide sustained antibiotic blood levels up to 4 days in cattle and pigs following a single treatment. Each ml contains 200mg of oxytetracycline dihydrate in an aqueous solution. Store below 25°C. Protect from light and do not freeze.

KVS	Size	Mfg.
789-013	250ml	Norbrook
789-014	500ml	Norbrook

**Pharmaceuticals****Injectables****Noromycin LA 300**

Noromycin 300 LA is a sterile, ready-to-use solution of the broad-spectrum antibiotic oxytetracycline for the treatment of disease in beef cattle, non-lactating dairy cattle, calves, and swine. Noromycin LA 300 is specially formulated to provide sustained antibiotic blood levels up to 4 days in cattle and pigs following a single treatment. Each ml contains 300mg of oxytetracycline dihydrate in an aqueous solution. Store between 15-25°C and protect from light. Do not freeze.

KVS	Size	Mfg.
789-017	250ml	Norbrook
789-018	500ml	Norbrook

Noromycin LP

Noromycin LP is a sterile, clear, stable, solution of oxytetracycline hydrochloride, for intravenous or intramuscular administration. Each ml contains 100mg of oxytetracycline hydrochloride in an aqueous solution. Cattle: bacterial pneumonia, pasteurellosis (associated with shipping fever complex), mastitis, metritis, calf scours (bacterial enteritis), foot rot, navel ill, calf diphtheria, leptospirosis, blackleg/malignant edema, peritonitis, joint ill. Swine: erysipelas, bacterial enteritis, leptospirosis, mastitis, metritis, bacterial pneumonia. Sheep: bacterial pneumonia, pasteurellosis, metritis, joint ill. Store below 25°C. Protect from light and do not freeze.

KVS	Size	Mfg.
789-015	250ml	Norbrook
789-016	500ml	Norbrook

Oxytetracycline 100 LP

Indicated in the treatment of all infections caused by oxytetracycline sensitive bacteria in cattle, swine and sheep. Store between 15-25°C.

KVS	Size	Case	Mfg.
024-425	250ml	12	Vetoquinol
024-426	500ml	12	Vetoquinol

Penicillin Procaine

Aqueous suspension is indicated in the treatment of those infections in animals caused by penicillin sensitive organisms. Used on cattle, swine, sheep, horses and small animals. Keep between 2-8°C.

KVS	Size	Case	Mfg.
024-110	100ml	12	Vetoquinol
024-111	250ml	12	Vetoquinol
024-112	500ml	12	Vetoquinol

ProPen LA

An aid in the treatment of infections caused by bacteria susceptible to penicillin. Store between 15-25°C.

KVS	Size	Case	Mfg.
024-429	100ml	12	Vetoquinol
024-430	250ml	12	Vetoquinol
024-431	500ml	12	Vetoquinol

Selenium E Injectable

For use in the prevention or treatment of nutritional muscular dystrophy (white muscle disease) in calves and lambs. Store between 15-25°C.

KVS	Size	Case	Mfg.
024-032	100ml	25	Vetoquinol

Pharmaceuticals

Injectables

Sodium Iodide

For the treatment of actinomycosis and actinobacillosis in cattle and as an expectorant in mild respiratory disease of cattle, horses and sheep. Store between 15-25°C.

KVS	Size	Mfg.
014-685	250ml	Vetoquinol

Sterile Water

For use as a sterile solvent or diluent for injectable solutions in such species as horses, cattle, swine, sheep, goats, dogs, cats, etc.

KVS	Size	Case	Mfg.
024-137	250ml	12	Vetoquinol
024-138	500ml	12	Vetoquinol

Liquids & Pastes

Anti-Gaz Emulsion Solution

An aid in the treatment of tympanism and frothy bloat in cattle, sheep and goats. It is also useful in the treatment of constipation. Store between 15-25°C.

KVS	Size	Case	Mfg.
024-121	300ml	12	Vetoquinol
024-122	4L	4	Vetoquinol

Bell Drops

Aids in reducing or preventing condition of fatigue in adult horses. Dose by drops, no drenching. Cannot be sold in Eastern Canada.

KVS	Size	Mfg.
517-001	15ml	AC Daniels
517-003	75ml	AC Daniels

Bio-Kao-Vet Suspension

BIO-KAO-VET Suspension is a palatable adsorbent oral suspension for use as an aid in the treatment of diarrhea and enteritis in cattle and horses.

KVS	Size	Case	Mfg.
024-196	3.8L	4	Vetoquinol

Bloat Eze

An oral medication used as an aid in the treatment of frothy bloat and in the treatment of constipation in cattle. Store Between 15-30°C and avoid excessive heat.

KVS	Size	Case	Mfg.
002-445	340ml	12	DVL
002-446	4L	4	DVL

Castor Oil

For relief of irregularity. 100% castor oil.

KVS	Size	Case	Mfg.
023-020	50ml	12	RW Packaging LTD

**Pharmaceuticals****Liquids & Pastes****Dehorning - Paste - Squeeze**

A convenient, caustic paste used as an aid in removing horn buttons on calves.

Dehorning Paste

Dr. Naylor Dehorning Paste may successfully be used on calves up to 8 weeks of age. It is most easily used on very young calves. The younger the calf is when treated, the better. Shock and pain are negligible and dehorning is quickly and easily done. Dehorning Paste may be used in most areas at anytime of the year; there is no cutting, no bleeding, no fly problems!

KVS	Size	Mfg.
873-003	4oz	Dr.Naylor

Germe Zone

For cuts, scratches, abrasions, wounds and burns. Very effective antiseptic application to the skin and semi-exterior mucous membrane. Keep in cool, dry place, and out of direct sunlight.
